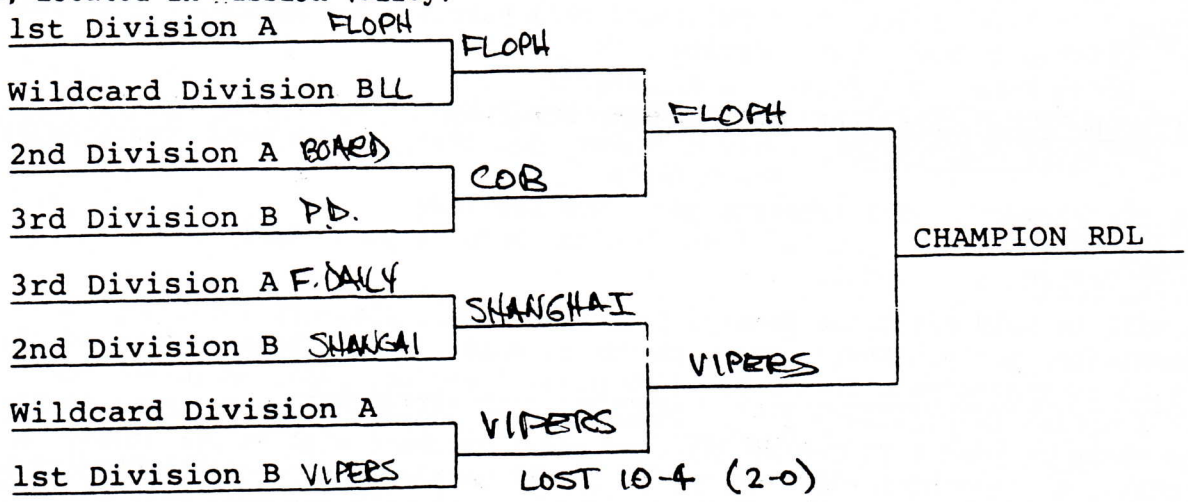
MERRY CHRISTMAS AND HAPPY NEW YEAR!!

Raleigh Dart League Newsletter



NOVEMBER 30, 1983 FALL SEASON ISSUE 6

READING THIS NEWSLETTER MAY BRING YOU GOOD LUCK (if it doesn't, at least you will know what's happening)

Here we are, beginning our last night of League play for the season. Though it has been a shorter season than usual, it has been eventful and entertaining. Now that Thanksgiving feasting is past, the excitement of our Play-Offs (not to mention the Christmas Season) brings us to the end of yet another year. For RDL, 1983 has been a year of growth and change.

This Saturday the RDL Challenge team** will travel to Charlotte to try to capture the State Cup from the Queen City Darting Association. Members on the Dart Ladder who have not made contact with Bill Kessler (847-8939) should do so, to indicate whether you will be present and whether you will need overnight arrangements or not.

It is of super importance for team Captains to report their game scores no later than this Friday by 7:00 p.m. so that the team standings may be computed and the teams participating in the Play-Offs may be notified no later than Monday. The first leg of the Play-Offs will take place on Wednesday, Dec. 7, at the Homeboard of the higher ranked team. Below is the diagram for this initial stage; for example, the Vipers, Division B, (who look unbeatably First Place in points alone) would play Division A Wildcard team 4 (based on points, not win/loss). The Vipers Homeboard is the Burmuda Pub, located in Mission Valley.

The Quarter Finals will be played on Saturday, Dec.10, at the Lakes Clubhouse, beginning at 1:00 p.m. Finals will take place on Sunday, Dec. 11, beginning at 1:00 at the Lakes Clubhouse. All games are regular format, with the finals the best two out of three, regular format. And of course, trophies will be awarded Sunday evening at the End of Season Party (also at the Lakes) after the election of new officers. Encourage all team members to be there by 7:00 to vote and join in the award ceremony and enjoy the free keg of beer and homemade chili!

Following the elections, trophies to First and Second Teams in both Divisions and trophies to First and Second Teams in League Play-Off, All-Star, and Homeboard will be presented. A keg of beer, chili, and munchies will be awarded to all participants. CARY WHOLESALE has donated a keg of beer to RDL's season windup. Tradition will carry on with the usual Luck of the Draw, with surprises in store! Let's greet the Christmas Holidays with our League celebration. This is your chance to meet players outside your Division and collect a free drink from the outgoing Secretary for all the typo-errors you spotted in the Newsletters this season! It is your last chance in 1983 to party with RDL!

HAVE A VERY MEANINGFUL CHRISTMAS AND GREAT BLESSINGS IN THE NEW YEAR TO COME.

Don Overman

President R.D.L. June 1, 1990

I hope everyone enjoyed the spring season. I would like to thank everyone, especially team captains, and the Board of Directors for their cooperation in making this the most successful dart season ever. While the board is proud of their work this season I have not let them rest. We are already planning and proposing some major changes for next season!!!

There will be a mandatory Captains meeting at the LAKES CLUBHOUSE on July 25. This is also the date and location for returning team registration. We will try to have you out early but I wouldn't count on it. Registration will begin at 7:00 p.m. and the captains meeting will begin after registration or at 8:30 p.m. so come early and register so we can get this important meeting underway. The dart league is growing and some changes must be made. The Board of Directors want your input and suggestions before any changes are made.

It will help speed things along if you arrive at the meeting prepared. Have each team members name, address, work and home phone numbers with you. Have your checkbook handy also. At this time I do not foresee dart league dues rising so the cost should remain at $12.00 per person. If you want to change your throwing location but don't have a bar selected we can help you find a bar that night. If you have already chosen a site make sure you have spoken to the owner or manager and he has you listed as his home team. I will forewarn you that the league has received numerous complaints about some locations and we are seriously considering eliminating those locations from league play.

There are a large number of new places which want the dart leagues business. They have assured me that they will maintain the upkeep and care of the boards and scoreboards. Proper equipment and lighting is very important and will be scrutinized very closely next season. I suggest you contact your favorite pub and warn them that they might want to inspect and replace any equipment they have in the next few weeks. Board members will be visiting each of the present locations and reporting their findings. With an overwhelming number of pubs wanting our business the board will not hesitate eliminating certain locations which refuse to support the league by providing the proper equipment necessary. I urge each of you to report any difficulty you have with any owner or manager. Each of the locations used this season will be contacted in writing and made aware of their responsibilities to the dart league.

Anyone wanting to form a new team should register at Snookers at the Ridgewood Shopping Center on July 24 between 7:30 and 9:30 p.m. New captains should also plan on attending the meeting at the Lakes on July 25.

Remember this is a MANDATORY MEETING and any team not represented by its captain or co-captain will be penalized 5 points at the beginning of this season.

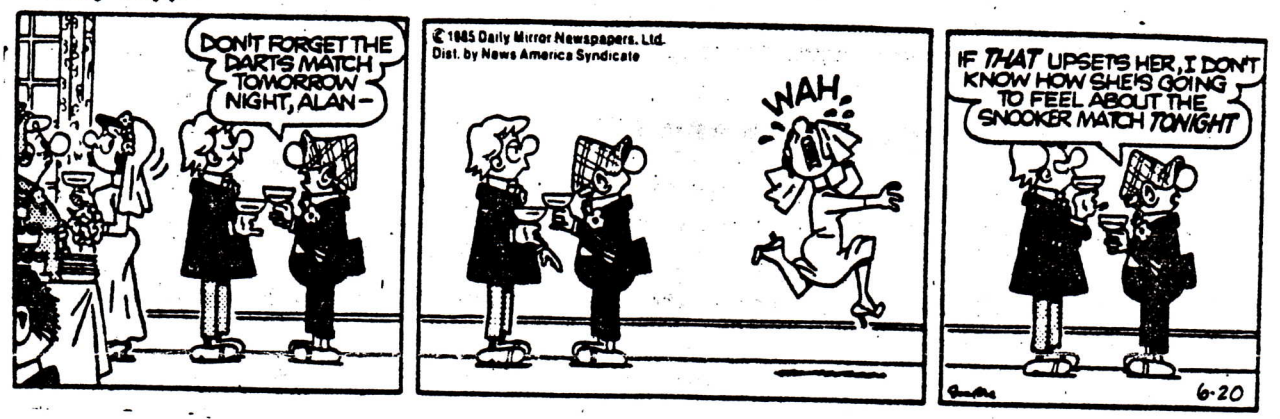
DART NEWS

Another regular season is now complete and now it's time to forget about wins and losses and concentrate on having a 3 match winning streak. Just a reminder to the captains, you don't need to send in the scoresheets but please call in the results. The first team to score 10 points wins. All-stars don't need to be reported but if someone hits a TON-80 I need to know about that. For those that don't know, the top two teams in each division (regular season) move up a division and the two bottom teams move down a division next season.(If those teams return next season.) **Speaking of next season. Returning team registration will be held at Big Daddy K's in Cary on July 25 from 7:30 - 9:30. New team registration August 1 same place and times. Captains meeting the following Wednesday, location to be announced, and the Fall Season starting on August 15.** And for those who have heard the rumor about Pig Darts breaking up at the end of this season I can only say that this is definitely the last season you will see the name Pig Darts on a R.D.L. newsletter. The team name will be retired after the tournament. There's no definate information about the team members going their seperate ways but thats the rumor!!

DART NEWS (cont.)



Some of our long standing members had to move on during the season. P.J. Harris, Steve Minton and Art Tebo will be missed by team members and league members alike. We wish them good luck and good darts.
I'm sorry ladies but I haven't received all of the scoresheets so I still can't say who has won your All-Star trophy. I'll call the winner as soon as I know.
This is the last newsletter of the season but I want to encourage everyone to participate in the summer MIXED DOUBLES LEAGUE at SNOOKERS. Call Judy Huyser 881-9431 for details. And LUCK OF THE DRAW at BIG DADDY K'S on Wednesday nights. Call Big Daddy K's at 460-9977 for more details.

WE'LL MISS YOU

Veteran Rich Johnson is pulling his darts and leaving Raleigh on June 8th to search out new frontiers in Wisconsin. He is a lunatic but he has fringe. We wish him well!!

League News

Another year has passed and with it the best darts of any season in recent memory. The tournament proved that any team can win on any given night which means this league has a great deal of warity. Only three of the top six teams found themselves winning the tournament championship. Next season should prove even more exciting and enjoyable. Thanks to everyone who made this season one of the best ever.

Predictions are just that when it comes to darts. They serve to excite some teams. I can't count the number of times my phone rang this season when someone found fault in my editorials. I don't mind as long as everyone has a good time and understands it's all in the name of good darts. Let's start with the two time champions of the "A" Division, the Lunatic Fringe. The Fringe are a powerful team with a lot of good shooters and a couple of great shooters. As I watched Wednesday night's championship match against the Dead Pigs Society I saw a match in which almost every game was decided the last dart in the third leg. On all but four occasions the Fringe hit pressure darts when they had to and won 10-4. And they are most proud of the fact that they did it without Tom Van Arsdale who was missing during the tournament. The Barstools almost knocked off the Fringe in the second round but lost 10-8. Both teams were shooting at a double one in the third leg of the final 501 game. As they have done all season the Fringe hit the big shot when they had to.

In the "B" Division 3 n a Bed peaked several weeks ago and were still running hard on Wednesday night when they beat a solid Molson Lights team 11-1. This tournament championship should have been much closer when you look at the regular season records. Steve Motley and Mike Dinterman lead 3 in a Bed through a tough regular season but the team seemed to come together near the end and won two big matches against Molson and Brewers Droop to secure the regular season title. Molson and 3 in a Bed will both move into the "A" Division next seson.

Back in week 14 I told everyone that the "C" Division tournament was wide open but I never expected fifth place Gotm' by the Bulls to win the tournament. This is a team which spent most of the regular season close to the bottom of the divisional standings. The Bulls have sent a message to the rest of the division with this win and must be looking hard at next season. This divisional tournament started off with the third place Cody's forfeiting to Nine Lives and the Bulls upseting Flight Damage. The first place Wire Benders were the next victims of the Bulls and Nine Lives upset second place Sharp Darts. That set up a meeting between the fifth and sixth place teams for the tournament finals. The Bulls pulled it out winning 10-8 over Nine Lives. Tied at 8-8 it came down to the last leg of the final 501 game. Both teams were shooting for the double one and the Bulls managed to get there first. A great match and tournament.

I predicted Silver Bullets to win the regular season in the "D" Division and they did so. I predicted that Drill Team or Tripp Time might upset the Bullets in the second round of the tournament and eventually win this division championship. I'm not right very often but when I am you'll hear about it. Tripp Time won two very tough matches over the Bullets and Drill Team and met second place First Flight in the finalw. First Flight was ahead 5-1 after singles but Tripp Time came back to win 5 of the next 6 doubles games and upset First Flight 11-7.

Trippin won the regular season in the "E" Division and was predicted to meet one of the Upper Deck teams in the finals of the tournament. The Upper Deck Darters led this division for most of the season but fell on hard times and Trippin jumped into first place and held on to win the regular season by 12 points over the Upper Deck Darters. Upper Deck was looking forward to another chance at Trippin but had to get by Atilla & the Huns who surprised Upper Deck Funk on the Cork in the first round of the tournament. Trippin on the other hand felt confident that Upper Deck Darters would be the team to beat in the finals. They were right. The U.D. Darters made it to the finals but on Wednesday night Trippin was doing just that and won 11-5. Both teams will move up to the "D Division" where they will see each other next year.

The "F" Division was another one that was hard to predict due to the parity in the division. I thought all season long that Cantina Darts would finish in first place in the regular season but I was wrong. My good friend Lee White and his team finished third but thought their chances were good at tournament time. The Grateful Darts have a reputation for being a very friendly team with some good darters and they finished the regular season in first place and got the first round bye. They beat a solid Dry Wall Destroyer team in the second round and were expecting to see the Dart Bags in the finals. But Cantina upset the Bags and were waiting for the "friendly" Grateful Darters on Wednesday night. It was a close match but the Cantina Darters pulled the upset and won 11-7.

This is the last newsletter for this season, but I hope to see all of you next season. Have a good dart party, a Merry Christmas and a Happy New Dart Year.

LEAGUE NEWS

Another season has come and gone and the league continues to grow. Next season is only a few weeks away. The newsletter staff encourages each member to find a non-member who is interested in forming a team. Our hope is to have an even number of teams in each division. There is an urgent need for a newsletter/statistician for next season also. Anyone interested should call Don Overman at 846-0499.
The leagues Board of Directors hope to revise the leagues rules and By-Laws and deliver a copy to each team captain at the captains meeting on January 20.

MERRY CHRISTMAS AND HAPPY NEW YEAR!!!

Last Notes from your Editor:

Whether you like it or not, these will be my final words of wisdom, but only for this season! I will be back next season to so this all over again (So help me God!). But for now, it's time for me to turn off my computer and have a real life for a while. I've enjoyed meeting many of you, and to those I didn't, there's always next season. Have a wonderful holiday, and thank you for your patience and cooperation this past season!

Sincerely,

Denise Healy

In Other Dart News:

The 2nd Annual Charity Tournament held last weekend was a big success! However, only a handful of members from the RDL showed up. Everyone had a great time and saw some great darts thrown. Players from other area dart leagues gave the RDL members more competition than expected. If you missed this event for such a good cause, too bad! To those who participated, THANK YOU! (If space allowed, your names would be listed!)

Registration for the Spring Season isn't far off. Here are the times and locations for the 1995 season registration.

Where: The Upper Deck in Cary

When: Wednesday, January 4- Returning Teams Only
Thursday, January 5- New Teams Only

Times: between 7:30pm-9:00pm, both nights

Bring: A completed roster sheet, with ALL the information filled in as much as possible, including player names, at least a home phone number, and addresses (zip codes too). This includes Home Bar information.

Dues*: Individual player Membership- $18.00
Bar fee- $18.00
Plan on writing ONE check for the team. NO CASH!

*Note: The cost of membership dues and Bar fees have gone up slightly from this fall seaon, as voted by the 1994 Board of Directors at the December 6 board meeting. The increase is necessary to help cover addition expenses the R.D.L. incures each season, such as the Voice Mail number, increased trophy awards, possible R.D.L. sponsered tournaments, etc. This extra $2 per person only benefits the continuing growth and success of the best league in the state!

WANTED: NEW/OLD PLACES TO PLAY

As this season has finally come to an end, next season is just right around the corner. Over the summer, the R.D.L. will be promoting darts in this area trying not only to gain more members, but new establishments as well. There are several bars currently in the league that are planning to expand/upgrade their number of boards for next season, including Playtime Billiards, Players Club, and Duffy's; there are also other new bars in the area looking for new teams in order to join the R.D.L., such as Pelip's Dart Bar in N. Raleigh. If you know any other locations that would welcome a steady stream of business for 14 weeks, please let the league know. If you or your team is interested in relocating for next season, contact the business directly, or call the league. The Voice Mail is available 24hrs/day, 7 days/wk (919-990-1218).

WHERE TO THROW NEXT SEASON

Several area locations are looking to sponsor new/more teams next season. Hopefully, during the tournament, many of you got the opportunity to see other places to play currently in the league. If you are looking to move your team or if you know of a team that would like to join the league, please call the voice mail and leave a message.

Some bars that are included on this list are:

-*Ramada Inn* in Apex:
contact Ricky Hartman (387-7382) after 4:00pm

-*Snookers at* Ridgewood
contact Kim (828-7556)

-Banana's:
contact Felipe Wilkie/William Holland (872-2610)

R.D.L. LOGO

Several weeks ago, the league voted on the entries submitted for our logo contest. The results are in, as far as the winner is concerned. Jim Bush, of the X-MEN, will receive a free dart board for his design. Thanks Jim! However, the Board is still fine tuning the final design. Look for more information about the new logo next season.

LAST MINUTE FILLERS

Just for your information, there were 51 penalties issued this season, including late phone calls, late score sheets, late ballot sheets and Captains' Meeting no-shows. Not all teams were penalized (an extra pat on the back to those teams), but some were repeat offenders as well. Take time over the break to come up with ways to solve the league's "problem" with the mailing score sheet issue or anything else you can think of that can improve the league. Some good news... a little bird told me there may be fax machine to use next season that may be a big factor in the solution!

A holiday message:

Here's wishing you and your family a Joyful and Safe Holiday Season!

INDIVIDUAL PLAYER STATISTICS

Here's something a little different to end this season... rather than list all player statistics and debate who's really first, here's a ranked list of the members that were eligible for the ASP% and W/L% Awards, based on meeting the required game minimums of: **37** minimum games for ASP%; **19** minimum games played for W/L%. The actual winners are also listed separately elsewhere in this newsletter. (any corrections should be held over for the statistician next season. Ha, Ha)

TOURNAMENT WINNERS

"A" Division - ***Lunatic Fringe*** *(13-11)*

Calm, cool Bob Terry smacks the winning double in the third game of the final 501 set with both teams within one dart of the out.

"B" Division - ***First Flight*** *(14-8)*

Bracco's bunch completes their tourney run with wins over both the #1 and #2 division seeds.

"C" Division - ***Rack'M Uppers*** *(13-12)*

Captain Hirneisen delivers the double in the 1001 tiebreaker to avenge the team's slump in the second half of the regular season.

"D" Division - ***Bottom Feeders*** *(13-7)*

Kyle Mills' match-ending double clinched the widest margin of victory in a divisional final for the Bottom Feeders at 13-7.

"E" Division - ***PMS*** *(14-10)*

Maybe the most improbable of our seven Mug-winning teams, PMS overcame both Diddler's Choice and Shooter's Buzz.

"F" Division - ***Come-N-Gone*** *(14-8)*

The wildest division yields one of the wildest sets of tournament matches, with Come-N-Gone eventually downing the #4 seed in the final.

"G" Division - ***Bulls Hitters*** *(13-11)*

Chuck Watt pitches the x1 in the third game of the final set of 501 to complete the Bulls Hitters' comeback from a 9-3 deficit after the singles round.

MY PREDICTION RESULTS

In week 14, I was 6-3 and even hit a few of the scores exactly (including my match of the week in A Div.), so I finished on kind of a roll. My final record was 34-23 for a %-age of 0.596. Not too bad if I was shooting hoops, smacking baseballs, or throwing passes, but unfortunately I'm predicting matches. I vow to return next season with even greater success despite the fact that I will only pick the tough ones again next time around. Look for the picks - I'm sure at least some of you will use them for inspiration. Or at least as a reason to complain to me.

THIS SEASON'S TIEBREAKERS

There were 40 tiebreakers in the RDL this regular season (and at least one in the tournaments). There were 4 in A division, 2 in B, 13!!! in C, 4 in D, 5 in E, 6 in F, and 6 in G. The Starving Dartists lead the way with an astounding five tiebreakers in 14 weeks, but close behind were Arrowing Experience, Neighbors, Rack'M Uppers, S.S.H., and the Clarifiers. Both the Neighbors and Starving Dartists each won three tiebreakers (as did Rack'M Uppers if you count the C Div. final) (Gee, what a surprise, the tournament tiebreaker was in C.) The heartbreak award might have gone to Arrowing Experience and S.S.H., as both finished 1-3 in 1001s, but it simply has to go to Pog Mo Hon, as their third tiebreaker loss was the aforementioned C Div. final. And, oh yeah, 16 of our 54 teams never had the pleasure of a 1001 experience this season.

SPRING 1996 PENALTY SUMMARY

Does it really matter if you mail your scoresheets and call in your results on time? YES!!! It matters. This season there were a total of 34 penalties with a total loss of 1 match win and 284 game points. There were 2 ineligible player penalties, 11 fifth week captains' meeting absentees, 11 call-in penalties, and 10 mail-in penalties. No awards changed hands due to the penalties, but who knows what effect they had on the teams mentally. Some penalties did make a difference, though, like the 31 points To Kill A Brew lost through three separate penalties which would have kept them from finishing in the bottom two of their division and facing a drop down to the next lower division. The penalty which almost cost the most though was a mail-in penalty the X-Men suffered in week 3, a loss of 16 points which was the primary reason for the incrdibly tight finish in B division which the X-Men survived nonetheless. The bottom line is: call it in on time, mail it in on time, and know the rules. All of these would definitely be to your advantage.

PLAYERS WANTED FOR FALL SEASON By Three Teams!!!!!

The Sharp Darts, currently of D division, have tired of having to play shorthanded all the time. They routinely show up with only four or five players, and they want that trend to stop. So, they are looking for players for the Fall '96 RDL season. The only qualifications for team membership are: i) you must love the game, ii) you must be dependable, iii) you must love having fun each and every Wednesday, and iv) you must know how to conduct yourself in a polite manner at a dart match. The Sharp Darts do not discriminate based on gender, race, or throwing ability (ok, maybe just a little on the throwing ability thing). If you're interested in playing our game with a great bunch of guys (trust me, I've played them), please call either Jim Scarborough (821-7875) or Frank Gari (790-0275) at your convenience.

Both the Skeleton Crew and Cork It (both currently of G Division) have decided that the above criteria used by the Sharp Darts in their quest for new players was just what they too were looking for. So they have both decided they would like in on the action. Therefore, if you fit the fun and dependable criteria listed in the previous paragraph, but would rather play in the lower divisions than in the middle divisions, call either Judy Huyser (Skeleton Crew) at 380-0706 or Kevin Coyne (Cork It) at 876-8636.

SUMMER VOICEMAIL ADVICE

Due to the VoiceMail system under which we operate, any messages which I have not played within five days of the time when you leave them are purged from the system. I realize this is not so ideal, but it's the best system around for our needs. So if you call in the summer, and don't hear from me within five days, call and leave the message again. I'll try to remember to check it every couple of days, but keep trying me just in case I forget from time to time.

Triangle Dart League of Chapel Hill
Summer Break
Blind Draw Team Tournament

This summer the **Triangle Dart League of Chapel Hill** is offering a unique team competition format for the weeks between the Spring and Fall regular dart seasons.

For this six-week event, teams of four to six players will be drawn randomly with an equal number of A, B and C Division players assigned to each team. These randomly drawn teams will compete over the summer for trophies and, possibly, cash prizes. All teams will compete on an equal basis with the exact pairing and format to be determined based on the number of players who sign up.

The **format** for the matches will be similar to the regular Triangle Dart League season play, with modifications made based on the size of the teams. Entry fee for the team tournament will be $10 per person. The fee will cover the cost of the awards, a weekly newsletter and preparations for the season-ending party and awards banquet.

An **Organizational Meeting** for the **Summer Team Tournament** will be held 8 p.m. on June 27 downstairs at He's Not Here in Chapel Hill.

For more information about this unique summer darting event, call **Sean O'Brien** at **682-1225**. You may leave a voice mail message by pressing 4 after the machine answers your call. You may also inquire by E-mail to NetPirate@aol.com.

TOURNAMENT WINNERS

"A" Division - ***Lunatic Fringe*** *(14-6)*

Lunatic Fringe completes the first perfect season in A division in several years, by knocking off Three In A Bed in this third monster battle between the two heavyweights.

"B" Division - ***Top Dead Center*** *(14-10)*

I said before the season started that Top Dead Center was not a B level dart team. They proved me right, though this one was close right to the end.

"C" Division - ***The Dart Party*** *(14-4)*

The Dart Party wins a four and a half hour marathon to complete their perfect season,when John Poteat tosses a three-bull out to end a very tightly contested match.

"D" Division - ***Diddler's Choice*** *(14-6)*

Diddler's Choice wins the rubber match between these two very evenly matched teams. The match was almost certainly closer than this score indicates.

"E" Division - ***Shameless & Aimless III*** *(13-12)*

David Schuelke smacks a double-9 with Excalibur in out range in 1001, to end Excalibur's bid for a perfect season.

"F" Division - ***Reggaeheads*** *(14-6)*

Need some supplies?
Visit DARTS BY THE TON at
the Flea Market each Sunday

If any of you need some dart supplies and are tired of paying outrageous prices, go visit one of RDL's own out at the Flea Market. Each Sunday, Lee Whitehead (or another of her friends) will be running a table at the Flea Market for Ginger Rivenbark's dart supply business, "Darts By The Ton". So, go on out and find their table. I'm sure they would love to talk darts with someone out there who actually knows a little about the game and RDL. (P.S. Or find her right here at the banquet.)

MY PRESEASON PREDICTION RESULTS

Wow, I'm just too good at this. Or maybe you guys are just easy. Well, I know most of you are easy, but I didn't mean that kind of easy. I went back to my season-long predictions that I made in the first newsletter before the schedules were available for weekly match predictions, and wouldn't you know it: six of my seven picks are walking away with the Mugs. (Well, I didn't actually say that my team would win, but I said that aside from my team, the best was Arrowing Experience. And they were, so that definitely counts.) Six of seven and the only one wrong was that confusing, ever-changing G division.

THIS SEASON'S TIEBREAKERS

There were 33 tiebreakers in the RDL this regular season (and at least three in the tournaments). There were 4 in A division, 1 in B, 5 in C, 3 in D, 6 in E, 8 in F, and 6 in G. That's 7 fewer than last season. Friends of the Devil led the way with four tiebreakers in 12 weeks, but also with four tiebreakers was Breakers Bombers who had a fourteen week season. Six other teams played three tiebreakers each (counting the tournament for one of those teams). Not a single team won three tiebreakers this time around, and only one team (Friends of the Devil) lost three tiebreakers. Maybe they should find a new friend, or maybe their souls just weren't worth that much - who knows? In any case, ya gotta feel for 'em. They're this season's heartbreak kids.

SPRING 1996 PENALTY SUMMARY

I posed this question last season: Does it really matter if you mail your scoresheets and call in your results on time? The answer is the same as last season: YES!!! It matters. But it also matters if you send in your election ballots and come to the captains meetings. Those five point penalties can add up. The total loss from penalties this season was actually a little lower than last season. This season there was a total of 35 penalties with a total loss of 1 match win and 227 game points. There was 1 ineligible player penalty, 14 fifth week captains' meeting absentees, 4 call-in penalties, 4 mail-in penalties, and 12 election ballot penalties. That's actually an increase of one total penalty over last season, but a decrease of 57 lost game points. No awards changed hands due to the penalties, but I'm sure that some of the penalties had an effect mentally on at least some team members. One individual penalty may have an effect on next season's divisional alignment also: the Starving Dartists received a 5-point penalty for missing the fifth week captains' meeting, and that five points would have put them into a one-match playoff with Hagar& the Horribles for sixth place and the right to stay in C division (they tied head-to-head). The bottom line is: call it in on time, mail it in on time (and a receipt wouldn't hurt your cause any - just ask Lee Whitehead), come to the captains' meeting, vote in election seasons, and know the rules. All of these would definitely be to your advantage.

Either the players from Shameless & Aimless III are overly creative, or they just have too much time on their hands. In any case, the quote of the week:

One thrower said to another, "To be a D player in the Raleigh Dart League, your sword must be as lethal as *Excalibur* , you must have *Nine Lives* , be *Sharp Darts* , and live through *PMS* at least two times. You must be a *Friend of the Devil* , and also avoid a *DWI* . But at the same time, you are to be *Shameless & Aimless* and join us in a chug from our mug."

FRIDAY CHAPEL HILL CHARITY BLIND DRAWS

Anybody looking for a little Friday night dart action may want to visit He's Not Here starting in January. There will a charity blind draw held there at least twice per month on Friday nights, with a minimum donation of five dollars and prizes given to winners in lieu of cash. (I think they gave out turkeys last time, but don't hold me to that. And of course, that also wouldn't mean they would give the same thing again.) Anyway, the proceeds go directly to the local Special Olympics programs, so it is certainly for a good cause. If you need an extra night out, or you're in the area, or you're just looking for a change of pace from your normal Friday night routine, drop on by. For more information, call Stella Sutter (968-0702), or He's Not Here (942-7939).

BULL CITY DART LEAGUE REGISTRATION INFO

For those looking to pick up a second night of match play, the Bull City Dart League in Durham will also be starting up a season after the holidays. The BCDL is a handicapped (yes, handicapped) league that plays on Tuesday nights. [The BCDL also has a summer season for those who have dart withdrawal when the RDL takes a break. Keep that in mind when late April rolls around.] For those in need of more darts now, the registration for the Spring '97 BCDL season will be Monday, January 6, at 7:30 p.m. at The Down Under Pub in downtown Durham. Call me (Jason Kilts, 942-5698) for details.

IN MEMORIAM

There was recently a huge loss for all of us who have played in or around the Chapel Hill dart scene. Gus Gustafson, as he was known to all of us, has passed away. Gus was a fixture in the Triangle Dart League, on Chapel Hill challenge teams, and on his stool at the end of the bar at He's Not Here. He will be greatly missed by all who knew him. For those interested, a memorial service will be held Saturday, December 21, at 3 p.m. at He's Not Here in Chapel Hill. For further information, contact He's Not Here (942-7939) or Mark Hutchinson (544-9150).

TOURNAMENT WINNERS

"A" Division - ***Lunatic Fringe*** *(13-9)*

The Fringe puts the finishing touches on its 2nd straight 17-0 perfect season by beating their now perennial rival, 3 In A Bed, for the 8th consecutive time.

"B" Division - ***Arrowing Experience*** *(13-12)*

Never-nervous Mike Mohan follows John Janosko's Ton with a first-dart double-15, giving Arrowing Experience the Mugs and a 5-1 record against the two teams it trailed in the standings (including FOUR! tiebreaker wins).

"C" Division - ***Diddler's Choice*** *(14-10)*

The battle of Fuquay lived up to its billing, though it was the first of the teams' three matches this season that wasn't decided in a 1001 tiebreaker. DC won all three times and got the Mugs to go with their regular season plaques.

"D" Division - ***Shameless & Aimless IV*** *(13-12)*

S & A IV won the rubber match between these two D Div. top dogs with a very respectable 53-dart effort in 1001. This is S&A's second consecutive Mug victory, and both times they've won in the 1001 game.

"E" Division - ***Last Call*** *(?-?)*

After a slow 3-2 start to the season, Last Call ripped off 12 wins in a row including this Mug match, giving themselves a little redemption after being upset in the divisional semifinals last season.

"F" Division - ***Friends of the Devil*** *(13-4)*

In what looked like the most evenly matched tournament final (check out the team stats pages), the Devil's little buddies turned the tables on the regular season winners who pounded them in a big week 13 match.

"G" Division - ***Pokey & the Bandits*** *(13-11)*

From their VoiceMail call-in, it sounded like about 1000 people were there to cheer on the Pokeyless Wonders. The Bandits avenged a pair of regular season losses, and were one of only two teams to win as a #3 tourney seed.

REGULAR SEASON WINNERS

QUOTES FROM THE TOURNAMENT

Quote #1 : From Connie Austin of the Dead Beat Darts, who won a marathon match when their opponents only had two players left for the 1001 game: "I just thought I would call and give you one for the record book ... we played for a solid eight hours ... at 3:10 a.m. we hit the dart to tie it up, and then they defaulted!"

Quote #2 : From Bob Kitchen: "...happily reporting that Tattoo the Red Eye for the first time in club history has a tournament victory…" [Tattoo almost got another one, losing only 11-10 in the semis. - JK]

Quote #3 : From Shannon Lougher, captain of The Horsemen, who missed a chance at the division title with a final week loss to Pokey & the Bandits: "We advance. We get to play Pokey next week, and we're looking forward to it for a liiitttllleee bit of revenge, and you can print that if you want to..." [OK, I have. Unfortunately for The Horsemen however, Pokey beat 'em again & then won the Mugs. - JK]

Quotes #4 & #5 : From Jason Walters, captain of Diddler's Choice and buddy of Ed Kennedy: "Oh now why you gotta always be giving my boy Ed a hard time and all about not playing? 'Cuz now I gotta hear him whine all day about it. Man...(chuckle, giggle, chuckle)" [I have not yet been told if Ed actually participated in the tournament final yet. I know where my money is. - JK]

"You boys sure did look like you were having a good old time on that racing game you were talking about in the newsletter. We had a pretty good time just watching ya..." [Like I said in one of my previous lists; that Sega Daytona game at Upper Deck is worth a stop even after a long match. - JK]

Quote #6 & #7 : From Craig Coker of Arrowing Experience: "Good luck in A division next season, I appreciate how difficult that task will be" [Yeah, me too. - JK]; (then the next week he said): "…try not to be too much cannon fodder next season. Good luck, and maybe we'll see you around B division sometime in the future." [Uh,… thanks Craig… maybe. Of course, I know where my money is on this one, too. - JK]

MY PRESEASON PREDICTION RESULTS

The longer you've played, the more predictable you are - that's the lesson from this season's predictions. All those people that have been around a while who now throw in A, B, C, and D divisions are too easy (even though I've only played for two and a half years). I got the regular season and tournament winner right in all four of those divisions. As for the divisions with the newer teams… well, they're a bit tougher. I got the regular season G winner, but E and F foiled me completely. Last Call just surprised me, but I didn't even know who The Hole In The Wall Gang was. I do now. I'm glad I don't get paid based on my pick percentage….

THIS SEASON'S TIEBREAKERS

There were the same number of tiebreakers this season as last season, though there were more matches this season with seven full divisions. We had 33 regular season tiebreakers (and at least 4 in the divisional tournaments). There were 1 in A division, 8 in B, 9 in C, 6 in D, 3 in E, 2 in F, and 4 in G. Only Diddler's Choice in C division played four tiebreakers in the regular season, but Arrowing Experience also tallied four 1001 games if you count the tournament. Eight other teams played three tiebreakers each, and ten played two each. Nineteen teams did not play even a single regular season tiebreaker. The winningest tiebreaker teams were Arrowing Experience (who chalked up four tiebreaker wins if you count the divisional final - all four of which came against the two teams headed to A division next season) and Diddler's Choice which had three 1001 wins (including two vs. their divisional barmate rivals, the Weenys). The only team to lose three tiebreakers this season, and thus filling the role of the spring season's heartbreak kids, was the Scavengers. I said before the season began that the Scavengers could play with any team in their division, and I was right - at least until the matches went into extra innings.

SPRING 1997 PENALTY SUMMARY

For the third consecutive season, I pose this question: Does it really matter if you mail your scoresheets and call in your results on time? The answer is still the same: Yes! Even if the final results show that 5 points wouldn't have moved your team up or down, there is no way to know what kind of effect the loss has on a team's psyche. Penalties suck when you get 'em, there is no two ways about it. Luckily, we had fewer penalties this season than last despite having more teams. But… the penalties were worth more, so the total number of lost points has increased. There were 7 mail-in penalties, 4 phone-in penalties, 1 ineligible player penalty, 3 captains' meetings absences, and 17 ballot return failures from the two election ballots. The grand total of all that is 32 penalties for a value of 233 points, spread over 20 teams. 13 of those teams only accounted for 5 penalty points each, but the other 7 teams accounted for the other 168 penalty points. No awards changed hands due to penalties and no team will move up or down a division because of them, but two teams (The Pig Show and Stik It) lost a place in their standings (and they only had minor penalties). Call it in, mail it in, and attend the captains' meeting - it's definitely to your advantage.

ANYONE WANT TO START A DART ESTABLISHMENT??

Wanted - interested partners, investors, and/or others in discussing the idea of developing a darts-only establishment (bar/restaurant) in Raleigh or in the Triangle. If interested, call Craig Coker at 846-8864 (H) or 469-9795 Ext. 140 (W).

Need some supplies? Visit DARTS BY THE TON at the Flea Market each Sunday (weather permitting)

If any of you need some dart supplies and are tired of paying outrageous prices, go visit one of RDL's own out at the Flea Market. Every Sunday one of Ginger Rivenbark's friends (usually Lee Whitehead, I think) runs a table at the Flea Market. The name of her business is "Darts By The Ton", and they have a pretty extensive selection, and can order a great deal of stuff that they don't always keep on hand. So, go on out and give them a little business, a little company, whatever. They would love to see everybody and anybody from the RDL.

The special Wednesday summer events, of course, will certainly be held. - JK)

STATISTICIAN'S FAVORITE CAPTAINS

I think it's time that I give a little bit of recognition to those who perform all of those thankless captain's duties each week. They do all that crap every week with nobody noticing but me, unless of course they make a mistake and get a penalty. Well, I'm going to point out a few of those dedicated souls who are actually very good at what seems on the surface to be an easy task, but is actually a huge pain in the rump. Nearly all of the captains perform their duties (at least those which pertain to dealing with me, the statistician) at a very acceptable level; but there are some who simply are better than others. I'm not saying any of the other don't try hard or anything like that. It's just that these captains always have neat score sheets, they call in on time every week, they mail their sheets to me quickly so I have more time to log in stats, they always write legibly, they add their all-stars up correctly, they include all of the hot darts in their call, etc. They simply make my job easier. **Top captain**: Michelle Gaffney of Dogs of War. **The next five best** (in order only by division): John Scanlon of Shooter's Buzz, Jason Walters of Diddler's Choice, Mark Heath of Coral Reefers, Rick Zucco of DWI, and Dick Cummings of the Bulls Hitters. **Honorable mention** (in order only by division): Joe Wilson of Lunatic Fringe (he gets a lot of practice), Ben Widgeon of Double Trouble, Craig Coker of Arrowing Experience, Robert Montgomery of Excalibur, Debbie Sasser of PMS, Jim Mitchell of Anything But Sorry, Bob Carawon of the Doroth'E'a Ducks, Michelle Jackson of Breakers Bombers, and Andrew Root of Last Call. I thank all of you for your efforts to make my job just a bit easier.

OTHER MISCELLANEOUS OBSERVATIONS BY JK

--Did anybody else (besides the two teams involved) notice that the Bulls Hitters needed only one more point in week 14 against S&A IV to secure a good old-fashioned tie? They would have had identical W/L records, identical point totals, and equal head-to-head records. Now THAT is what an even season-long race is all about.

--Longest current non-Fringe match winning streak?

14 matches, Diddler's Choice in C division.

--Just something to consider: Right now we have 56 teams for seven even divisions of eight teams. Did you realize that if we had just one more team we would have eight divisions and seven of them would have byes? 49 of the 57 teams would have byes. I think we're going to get team #57 next season, so everyone go out there and find us teams #58-64. Encourage your friends to make a team and join. We're going to need them.

--Did you understand the meaning behind Connie Austin's quote in the tournament quotes section? Her team played for over 8 hours in the first round to reach a 12-12 tie at 3:10 a.m. Unfortunately, all but two of the opposing players had gone home to bed, so that team defaulted in the 1001 game. 8 hours to reach a forfeit game; what a frickin' bummer.

--Recruiting for my team is going to be tough this season. How's this for a sales pitch?: "Hey, wanna go to A with us next season and lose a lot?" Or how about: "You could be captain. You won't need many stamps…"

--Come to RDL Board meetings and let your opinion be heard!!

--Did I mention that the Sega Daytona race game at Upper Deck rocks?

PLAN TO ATTEND THE

≪ TDL SUMMER ORGANIZATIONAL MEETING ≫

THURSDAY, MAY 29th ...
7:30 p.m. -- He's Not Here

TO BE DISCUSSED:

- ***if there are <u>WHOLE TEAMS</u> interested in playing a "short" season, there can be a regular season of darts --***
- ***the other suggestion is what we did last summer -- "each individual into the different hats by "division" -- A, B, or C/rookie." Then teams drawn up from these "sorted groups of people" -- the number of people interested and who sign up at the meeting (if this suggestion is adopted) then determines size of teams, with a balanced mix of players. Format then would be best 2 out of 3 games for the point(s) --THIS WILL BE PUT TO A VOTE OF THE GENERAL MEMBERSHIP ON MAY 29. PLEASE ATTEND AND CAST YOUR VOTE FOR THE SUMMER FORMAT.***

TOURNAMENT WINNERS

"A" Division - ***Lunatic Fringe*** *(13-7)*

Who would have guessed? Another Fringe over 3 In A Bed result in A division. The difference is that this may be the last big match in this long enduring rivalry.

"B" Division - ***Diddler's Choice*** *(14-4)*

DC finally played like I thought they would all season, as they basically storm-troopered through the B division tournament bracket. This team will be a good A team the first time they even play an A division match.

"C" Division - ***Shameless & Aimless V*** *(13-7)*

Seems like we engrave Mugs for these guys every season. Aren't they in A division yet? They stocked up this time around and it really showed in the scores that they turned in on a weekly basis.

"D" Division - ***Reggaeheads*** *(13-12)*

Well, the tiebreaker result is certainly par for the course in this topsy-turvy division, but I'm surprised that the top two seeds survived to the finals. Chris McCoy took out the 16 with No Clue staring at a one-dart out of their own.

"E" Division - ***Starving Dartists*** *(14-8)*

The Dartists top off the league's only perfect season with a win against their closest competition, which actually wasn't that close through the regular season (a 3-match deficit).

"F" Division - ***Flying Aces*** *(13-7)*

The #3 seed comes out of the F division with the Mug, and they had to earn it. They had to topple not just division winner Dynamic Darts, but also the Horsemen in the semis. Will they be left in F division next season?

"G" Division - ***Woody's Woodies*** *(14-8)*

The most improbable of all of our Mug-winning teams, Woody's Woodies came screaming out of the #6 slot to beat the #3, #2, and #1 seeds - and only one of those three matches even went to the last set of 501. This is no fluke, as the Woodies also beat Cheap Shots during the season.

REGULAR SEASON WINNERS

"A" Division - ***Lunatic Fringe*** *(13 wins, 1 loss)*
2nd place - Three In A Bed

"B" Division - ***Diddler's Choice*** *(11 wins, 3 losses)*
2nd place - Swine Flew!

"C" Division - ***Shameless & Aimless V*** *(13 wins, 1 loss)*
2nd place - Excalibur

"D" Division - ***No Clue*** *(9 wins, 5 losses)*
2nd place - Reggaeheads

"E" Division - ***Starving Dartists*** *(12 wins, 0 losses)*
2nd place - Friends of the Devil

"F" Division - ***Dynamic Darts*** *(12 wins, 2 losses)*
2nd place - Horsemen

"G" Division - ***Cheap Shots*** *(13 wins, 1 loss)*
2nd place - Get Over It

(Rosters of all tournament-winning and regular season first place teams can be found on page 4.)

QUOTES FROM THE TOURNAMENT

Quote #1: from Mark Sellers, captain of Cheap Shots: "Jason, you called it right. Cheap Shots was the one most likely to be upset. Woody's Woodies is the champions, but I just want you to know that Mike Proffitt was the one that TOTALLY, I think he was paid off, he was the one that gave up, went down, lost five points for us. He threw the towel in. Does he get a trophy for that?" [Wow, if that's the way these guys talk about a teammate who went 37-7 for the season, what are they going to say if a 0.500 thrower has a bad day for the team? Geez. - JK]

Quote #2: from Jason Walters, captain of Diddler's Choice: "...and tell Ed that if they had done a liiitttlle bit better, they would have got to play us again. See that's what he gets..."

and *Quote #3* : from behind Jason Walters on the previous phone call came Barry Thompson at the end of the call: "They coulda got thir a** whipped one more time from BT, big Jason!!

[I gotta tell ya, I *really* miss the entertaining days from back when Barry was the captain and he was calling in every week. Those calls were a riot! And how about those After Hours rivalries - these guys mock each other even when they don't end up playing each other! We should all try to have as much fun as these guys. - JK]

Quote #4 : from Keith Moats, captain of Shameless & Aimless V: "You can call that guy and tell him to go ahead and start engraving those cups!" [That's right! I love the confidence! Walk the walk, you can talk the talk! And S&A definitely walked the walk. - JK]

MY PRESEASON PREDICTION RESULTS

Well, I told you in the tournament edition of the Tons that I went 85-42 on the season, giving me a record with more than twice as many right as I got wrong. That's pretty good if you ask me, especially when you consider that most of those weeks include at least one or more D division match. As for my tournament picks, I got five of the seven division winners correct - I missed the F and G tournament winners. I did, however, say that of all my picks that my G pick was the most likely to be upset - and I was right. Anyway, I'll be back next season, taking blind stabs in the dark as always...

THIS SEASON'S TIEBREAKERS

This season, the number of tiebreakers throughout the RDL dropped by a very large percentage in comparison to the previous several seasons. We only had 23 regular season tiebreakers, compared to 33 each of the last two seasons. There were 2 in A division (both of them involving the Fringe, incidentally), 4 in B division, 2 in C division (both involving Scavengers), 2 in D division (both involving the Bar Stools), 5 in E division (which only had 75% as many matches as the other divisions), 5 in F division, and 3 in G division. There was at least one more tiebreaker in the divisional tournaments (in the D division final, surprise, surprise...). Five teams each played three tiebreakers: Dogs of War in B division, S.S.H. and Friends of the Devil in E division, and A.H. & the Diddlers and Flying Aces in F division. The super clutch throwers of this season were the Friends of the Devil and A.H. & the Diddlers, as both teams won all three 1001 games they played. Unfortunately, there are also two groups of heartbreak kids, as both S.S.H. and Flying Aces lost all three tiebreakers they played - I guess the Aces were glad when their two important tournament matches came out of singles with odd scores...

SPRING 1997 PENALTY SUMMARY

For the fourth consecutive season, I pose this question: Does it really matter if you mail your scoresheets and call in your results on time? The answer is still the same: Yes! And this season, they actually helped determine which teams stay in a division and which teams go down a division. And in several other cases where a small penalty of 5 points wouldn't have moved your team up or down, there is no way to know the kind of effect the loss has on a team's psyche. Penalties suck when you get 'em, there is no two ways about it. Unfortunately, we had many more penalties this season than last season. There were 15 election ballot penalties, 11 captains' meeting penalties, 6 phone-in penalties, and 11 mail-in penalties. The grand total is 43 penalties for a total value of 316 points, spread over 30 of 55 teams. That is simply too many teams having too many penalties, and several had multiple penalties, some with high value. In one case in A div., a team is going down to B because of a penalty. In C div., a penalty pushed a team down one place in terms of tourney seeding. In D div., a team is going down a division due to a 5-point penalty. The bottom line is: penalties matter. Getting them will eventually hurt your team.

NEED ANOTHER NIGHT OF DARTS? TUESDAY NIGHT - BULL CITY DART LEAGUE IN CARY?

The Bull City Dart League of Durham will be starting a new season after the first of the year. If anyone is interested, the BCDL is a handicapped steel-tip league which plays its 4-6 player team format on Tuesday nights. The league currently plays in Durham and RTP, but plans are in the works for adding a new division playing solely out of Cary locations. For info., call BCDL President Andy Mead (489-2474). Player rosters and dues ($18/player, I think) can be turned in at the following two registration meetings:

Tue., Jan. 6, 7:30 p.m., Down Under Pub, downtown Durham
Tue., Jan. 13, 7:30 p.m., Woody's Sports Pub, Cary

[Also, see flier on page 30 of this edition of the Tons of News.]

NOTES TO CAPTAINS FROM JK - *READ THESE!*

Copies of your scoresheets

OK, it's not a rule that every team keep a copy of every scoresheet from every match they play. You really should only need one copy between the two teams if everything goes according to plan. However, how often does every last thing go right for an entire season? People lose scoresheets, spill things on scoresheets, tear scoresheets, entrust them to someone that they probably shouldn't, etc. And that's just the captains. There is no real guarantee that your scoresheet will make it to me through the mail. We actually had two scoresheets not turn up through the mail in the final week of this season. Unless the captain of a lost scoresheet has proof that s/he mailed it, that team will still get a mail-in penalty, but at least the statistics wouldn't be lost if another copy had been made. And that goes for losing captains too: there is no reason that each team can't keep its own scoresheet for a match in case the winning team loses theirs. If you lost and you have a copy, at least that way I can keep all of your team's numbers fully accurate. So, the bottom line is that while it's not mandatory that each team keep a copy of the sheet, it is strongly recommended for your own benefit.

Forfeit scoresheets

This one is very minor, but I just wanted everyone to know that in the case of a match forfeit, the winning team is still supposed to mail me a scoresheet indicating this fact. It's a minor point, but if you just mail me one, then nobody can complain that you didn't follow the rules like everybody else.

OTHER MISCELLANEOUS OBSERVATIONS BY JK

--Congratulations to the Starving Dartists on their completion of the RDL's only perfect record this season. Admittedly, they only had 12 regular season matches due to their byes, but the fact remains that they beat every team willing to accept their challenge.

--Trivia question: which team has the longest current RDL winning streak? (see end of column for answer)

--Come to RDL Board meetings and let your opinion be heard!!

--Here is a note similar to one that I included in this space last season: we currently have 55 teams in the RDL, and I already know of one new one for next time around. If we don't lose any, that would be 56 teams for 7 even divisions of eight teams. Did you realize that if we had just one more team we would have eight divisions and seven of them would have byes? 49 of the 57 teams would have byes. I think we're going to get team #57 next season, so everyone go out there and find us teams #58-64. Encourage your friends to make a team and join. We're going to need them.

--Look at the D division standings. Go ahead. Look. Right now….. ok, are you back? Did you notice that seven of the eight teams were at 0.500 or better. That may NEVER happen again. That's truly an incredible statistical improbability!! How would you feel if you played for Nine Lives and got pushed down a division despite winning as often as you lose? wow.

--Answer to the trivia question: Starving Dartists. If you got this wrong, did you read the four lines immediately preceding the question?

RESULTS FROM LAST SEASON! - (Ever discuss your team's successes and failures over the years? The stories are probably better than the darts in most cases, but here's a bit of truth to back up your tall tales. On this and the following two pages are the regular season standings and tournament results from the three seasons prior to this one. How has your team progressed? Or regressed, as the case may be.)

TONS OF NEWSLETTER

Home to the Fall Session of the Raleigh Dart League; Banquet Edition, Saturday, May 30, 1998

TOURNAMENT WINNERS

"A" Division - ***So What!*** *(13-7)*

For the first time in the five seasons I've written the Tons, I'm not writing that Fringe won this Mug. The combination of Billy West (4-0 and the match dart), Todd Lemons (3-0), and Britt Whitley (3-0) made sure of that.

"B" Division - ***Shameless & Aimless VI*** *(14-4)*

With a combined score of 42-8 in their three tournament matches, S&A rolled through this division. (Didn't someone predict that?) And they tossed in a perfect throw and a 17-dart singles cricket game in the finals for just a touch of style.

"C" Division - ***No Clue*** *(?-?)*

It's tough to win a match when you play with only five players. It's even tougher when you do it in the finals. That didn't phase the top-seeded No Clue Crew, who won by an unreported margin when Rick Zucco tossed the winner.

"D" Division - ***Black and Tans*** *(13-9 or 13-11)*

The B&Ts must have had a GREAT time, as their captain couldn't even determine the proper final score. They won 12 of their last 13 and reported no "match dart", since everybody threw a matcher at some point every time out. Uh... ok.

"E" Division - ***Flying Aces*** *(14-8)*

The Aces got the Mug to go with their plaque, and they had to defeat one of the tournaments' best stories in the finals: the seventh-seeded B.F.D. that beat both the #2 and #3 seeds.

"F" Division - ***Cheap Shots*** *(13-8)*

The Cheapies make it eight wins in a row after a pathetic start to the season. They had to make their way through the #5, #1, and #2 seeds and this 13-8 score was the biggest margin of victory in the three nailbiters.

"G" Division - ***Travelin' Beer Bellies*** *(?-?)*

When this team was 2-3 everybody doubted the G division prediction in the first newsletter. Well, its 12 consecutive wins later and now nobody doubts. This was one of the most balanced 10-player teams in recent RDL history.

REGULAR SEASON WINNERS

"A" Division - ***Lunatic Fringe*** *(13 wins, 1 loss)*
2nd place - Letting Go

"B" Division - ***Shameless & Aimless VI*** *(13 wins, 1 loss)*
2nd place - Top Dead Center

"C" Division - ***No Clue*** *(10 wins, 2 losses)*
2nd place - Dixie Chickens

"D" Division - ***Friends of the Devil*** *(11 wins, 3 losses)*
2nd place - 1 & Done

"E" Division - ***Flying Aces*** *(11 wins, 3 losses)*
2nd place - Horsemen

"F" Division - ***Half & Half*** *(11 wins, 3 losses)*
2nd place - Heroes in Trouble Again

"G" Division - ***Dodge Darts*** *(11 wins, 3 losses)*
2nd place - Travelin' Beer Bellies

(Rosters of all tournament-winning and regular season first place teams can be found on page 4.)

QUOTES FROM THE TOURNAMENTS

Quote #1 : from Bobby Heald, captain of Bar Stools, a 7th-seeded D team that someone wise told the teams in that division to keep an eye on in the tournament: "Jason, we appreciate you kinda giving us some p.r. in the newsletter as a darkhorse, so we did not upset you on your pick. Bar Stools 14, 1 & Done done 10."

Quote #2 : from Jason Walters of Half & Half, who caught a little flak in the weekly quotes in the tournament edition of the Tons: "Hey man, this is your friendly neighborhood F league punk. Tell me something: you, Phil, Eric, all ya mugs… what's the hardware at the banquet that y'all gonna be leaving with. All of you can get some! How ya like me know?!" [Well, personally, I just added a Ton-80 to go with my 2nd place A division plaque. I can't speak for Phil and Eric, but I kind of like hanging out with the bunch in my div. - JK]

Quote #3 : from Bob Carawon, captain of the M.R.Ducks: "Team E-3, the O'Mallards, playing at O'Malley's…." [Heeeyyyy... do I sense a bar change and a team name for next season? - JK]

Quote #4 : from Bill Griffin, captain of Spank This, who lost to the Freebirds in week 14 after Ed Kennedy stirred the pot a bit, but got their revenge in the quarterfinals: "One quick quote for Ed Kennedy: appreciate you throwing - it gave us a chance to spank you." [Hey, ya talk the talk, you better be able to spank the spank. - JK]

Quote #5 : from Galen Gillett, captain of B.F.D., the 7th-seeded E team that fought its way to the semifinals: "Hey, ya didn't think you would hear from us again. Final match score between Horsemen and B.F.D. B.F.D. 12, Horsemen 10. If we're going to go down a division, *we're going to go down fighting.* "

Quote #6 : also from Galen Gillett, though this call came the next week, after B.F.D. fought its way into the semifinals: "AGAIN!... you probably didn't expect to hear from me. This is Galen from B.F.D. We beat M.R.Ducks, 14-10." [He was right, but he also wasn't lying when he said they would go down fighting. They only lost 14-8 in the finals, after beating the #2 and #3 seeds. - JK]

Quote #7 : from Mark Sellers, captain of the now very hot Cheap Shots: "Cheap Shots 13, Heroes 8. Not bad, huh? Eight in a row. Not bad for a team that started out with a 2-5 first half." [And I thought my team did well to go from 1-4 to 9-5. Still not as good as the Travelin' Beer Bellies though. - JK]

Quote #8 : from Christopher Mori, captain of Black and Tans, the D tournament winners, and another team that came from friggin' nowhere after the first month of the season: "We really screwed up your prediction for D. Then again, you didn't really have one." [I've found that it's generally safer to avoid D division most of the time in my predictions. Anything can happen there. - JK]

Quote #9 : from Joe Wilson, captain of Lunatic Fringe, who didn't get to call in an A division tournament win for the first time in five seasons: "Congratulations goes out to the team of So What! on their victory in last night's match with Lunatic Fringe. They have waited a long time to claim a championship mug. It was a hard fought battle, but Britt Whitley provided them the steam to carry them on to victory. I look forward to the matches against them next season!"

Quote #10 : from a captain of a Mug-winning team who obviously had quite a tournament final experience: "...but I'm tellin' ya man. Those [team name here] were piiiiiissseed off. It's like you threw a cat in water, man. That's gonna fuel the fire a little bit, because we're gonna see them next season."

Quote #11 : from Chris Buchanan, captain of Flying Aces, and the man firing the earliest challenges for next season: "We got a mug, AND a plaque. We'll be moving up to the D league next year, and we'll probably do the same thing."

Quote #12 : from Chris Fournier, captain of the 12-match winning streak Beer Bellies of G division: "It's a beautiful thing. We get the Mugs anyway. You did good with your predictions." [Well, it's about time you guys stopped making me look foolish for picking you. - JK]

A throwback to the days of BT's Burnt Weeny Quotes:

Quote #13 : (the entire call is just a whole bunch of screaming unbelievably happy guys) "Another Cup! Let's hear ya boys!" "Eight points, Jason! Eight points! Yell! Yell! Scream! Scream! Noise! Noise! ROAR!!!!" [Holy cow, were they loud! I could barely make out anything they were saying! And they're right, in three weeks they only lost a total of eight tournament points. Pretty impressive. - JK]

MY PREDICTION RESULTS FOR THIS SEASON

Ok, let's see how I fared this season. I went 104-46 during the regular season. That's better than I did last season and was only one correct pick from reaching a 70% success rate. If I would just stay away from all of those tough D division matches.... I'll never learn. Maybe next season I'll just start picking all the easy ones... Nah! No fun in that. Anyway, as for my season-long predictions from week 1, I did pretty well despite the fact that picking you guys before you've even started playing for a season is next to impossible. My A pick won the regular season, my B pick won the season AND the Mugs, my C pick was sort of a flop but I picked No Clue second, my D pick finished second in the regular season; my E pick won the season AND the Mugs; my F pick won the Mugs; and my G pick (the biggest guess each season) finished with a 12-match win streak and claimed the Mugs. As for my postseason tourney picks, I got five of those seven correct too (all but A and D divs.).

THIS SEASON'S TIEBREAKERS

For the third time in four seasons, we had exactly 33 regular season tiebreakers. That's a pretty consistent pace. The difference this season is that there wasn't one or two teams that simply played a lot more 1001 games than everybody else. The numbers of tiebreakers by division: 5 in A division, 5 in B division, 4 in C division, 7 in D division (oh big surprise that D had the most tiebreakers), 5 in E division (plus one more in the tournament), 5 in F division (plus one more in the tournament), and only 2 in G division. Only five teams of the 55 in the league played more than two tiebreakers (So What! in A division, 1 & Done and Starving Dartists in D division, M.R.Ducks and Dynamic Darts in E division). The clutch dart kings of the season were the Starving Dartists, as they chalked up a 3-1 record in 1001 battles. The heartbreak team of the season was Dynamic Darts - they tied So What!'s 1-2 regular season 1001 record, but then they tacked on a tournament 1001 loss to achieve their final tiebreaker record of 1-3. Bummer for them.

SPRING 1997 PENALTY SUMMARY

Ok, this is the final issue of my fifth season, and for the fifth time I pose to you the same question: Does it really matter if you attend the captains' meeting and mail your scoresheets and call in your results on time? The answer is once again the same but also a bit different: YES! And the different part is that it mattered more than ever this season! This season two sets of hardware changed hands because of penalties! Penalties to the teams that finished third in A and G divisions cost those teams the chance to take home the sets of second place team plaques. The third place A team chalked up three separate penalties, the removal of any of which would have moved them into second. The third place G team tallied two mail-in penalties, and the avoidance of either one of them would have moved them up a spot.

In total, 15 of the 55 RDL teams racked up at least one penalty. There were a total of 23 penalties for a total of 225 points. There were no ineligible player penalties so there were no match wins taken away. There were 8 captains' meeting penalties (5 points each for a total of 40), 4 phone-in penalties (5 points each for a total of 20), and 11 mail-in penalties (165 points total for an average of 15 points per mail-in penalty).

Breakdown of penalties by division:
"A": 3 penalties, 34 points, 1 team; "B": 4 penalties, 40 points, 2 teams; "C": 2 penalties, 10 points, 2 teams; "D": 4 penalties, 28 points, 3 teams; "E": 3 penalties, 26 points, 2 teams; "F": 1 penalty, 15 points, 1 team; and finally, "G": 6 penalties, 72 points, 4 teams. [Plus, we had 7 regular season forfeits and 2 tourney forfeits.] Have I made my point yet that penalties can hurt your team? Trust me: they suck. Try not to get them.

CURRENT STANDINGS AND INFORMATION FROM THE NCCDL AND NCLC

The last round of North Carolina City Dart League and North Carolina Ladies' Cup matches did not involve the Raleigh men's and ladies' teams, as they had the East division byes. There were several other area teams in action though. Unfortunately, the mail this time is maybe behind a bit, so I only have some of the recent results.

What I know from the last time around is the following: Durham men 22, Fayetteville men 16; Chapel Hill men Win, Capital Area men Lose; Fayetteville women Win, Durham women Lose. So that leaves the current standings like this (team point totals with a + are those for whom I have the recent match W/L but not the score):

NCCDL (East Division)

Durham	3-0	82
Raleigh	3-0	77
Fayetteville	1-2	59
Chapel Hill	1-2	20+
Capital Area	0-4	28+

NCLC (East Division)

Raleigh	2-0	30
Fayetteville	1-1	11+
Durham	1-1	16+
Chapel Hill	0-2	15

Upcoming matches: June 6 - Durham @ Raleigh, Fayetteville @ Chapel Hill; June 27 - Capital Area @ Raleigh, Chapel Hill @ Durham; July 25 (almost certain to be rescheduled due to the Carolina Classic) - Raleigh @ Chapel Hill, Fayetteville @ Capital Area. Home establishments: Raleigh men - Snooker's; Raleigh ladies - Sharky's; Durham men - PJ's; Durham women - Ray's Elbow Room; Capital Area men - Rack'M Up West; Chapel Hill men - He's Not Here; Chapel Hill women - Ye Old Tavern now (?).

Records of *the Raleigh men's team members*: Allen Smith (4-0), Joe Gaglione (9-2), Steve Hoffmann (8-2), J.D. "HOT DARTS" CALL-IN GUIDELINES

Here are the guidelines you should use when deciding what you should use as your minimum number of all-star points for reporting when you call in your scores.

"A" Division = 4.5 or more ASPs
"B" Division = 4.0 or more ASPs
"C" Division = 3.5 or more ASPs
"D" and "E" Divisions = 3.0 or more ASPs
"F" and "G" Divisions = 2.5 or more ASPs

Also, call in any fast games, high ins, high outs, or other amazing feats that you think warrant a little recognition (e.g., Ins & Outs higher than a Ton, 21-dart cricket games, 18-dart 301s, 24-dart 501s, etc.)

SEASON-LONG TROPHY DART MINIMUM GAMES PLAYED REQUIREMENTS

In order to be eligible for all-star point %-age and singles win %-age awards, you must play in at least 66% of the total projected games this season:

for "A", "B", "D", "E", "F" and "G" Divisions:

All-star pt. %-age: min. of 37 Total Games Played
Singles win %-age: min. of 19 Singles Games Played

for "C" Division:

All-star pt. %-age: min. of 32 Total Games Played
Singles win %-age: min. of 16 Singles Games Played

IT'S NEVER TOO EARLY TO START PLANNING...

Looking to come back and play again in the fall? Well, there's a lot of dead time between now and next season, and many of you won't be seeing your teammates very much over the next few months. It's never too early to start making plans for next season. This doesn't just mean that you have to set up your roster for next time around though. I also recommend that you set up plans with your home establishment as well. Make sure they know of your plans for next season, that they have supplies, etc. Be prepared.

NEW RDL POST OFFICE BOX

Since the RDL Board composition has changed almost 100% over the past few years, the previous location of the RDL post office box was no longer convenient for any of the current RDL Board members. Since the P.O. Box needs to be checked periodically even though your scoresheets and added player dues are mailed directly to the Statistician and Treasurer, respectively, the Box has been switched to a location much closer to the current Board members' homes. Should you need the new address, please consult the Board info. box on this page.

QUICK STAT TIDBITS

-The **Quadruple Double Award** winners (double-digit wins in all four sections): *CHRIS WANDSCHER* of Top Dead Center was the only person who achieved this difficult feat this season. And he actually chalked up **12** or more wins in each section! Woah. He won more games than most people played. Well, there were seven others around the league that deserve a bit of mention too though. Six of them won double digits numbers of games in three sections and nine games in the other: *Steve Hoffmann* of Lunatic Fringe, *Joe Gaglione* and *Aaron Price* of Top Dead Center, *Somchai Samaluk* of 1 & Done, *Stan Converse* of M.R.Ducks, and *Randy Warren* of Horseshoes & Hand Grenades. One player scored two double digit win sections and two with nine wins: *Steve Witz* of Cheap Shots.

-**IronMan/Woman Award**: *Fred Bergman* of the Starving Dartists in D division with an astounding **70** games played! He played five extra singles games, five extra doubles games, and four 1001 games! He barely edged out his teammate John Howell, who played 68 games. [I think I know of a team that might be in the hunt for a couple players next season.... geez.] (Honorable mention to the leaders of the other six divisions: Keith Wall in A div. - 60 games; Tony Horton in B div. - 64 games; Tom Karleski in C div. - 55 games (12-match season); Doug Alm and Darrel Smith in E div. - 63 games each; Dave Corter in F div. - 64 games; and teammates Mike Crolla and Louis Kemp in G div. - 58 games.

-The **Team Attendance Award** winners: the members of *Burnt Weeny's Revenge*. All six members of the team played every set in every match of both the regular season and tournament. That's team dedication. (Honorable mention to the team that won this in two of the past three seasons: *Last Call*. The same 6 players played every set for them this season, but they have a 7th member with 0 games.)

MORE FIRE-ON-THE-MOUNTAIN RESULTS

Here are a couple of the results from the recent Asheville tournament that I had originally let get timed-out from the VoiceMail:

Men's Singles 301 - Top 8 - **Kevin Barton**

Men's Doubles 501 - Top 4 - **Kevin Barton** & **Brian Selby**

Congratulations guys, and sorry about the delay in including this.

CHARLOTTE OPEN

Now for some results from a bit more recent ADO tournament:

Men's Singles Cricket - Top 8 - **Britt Whitley**

Men's Singles Somthing - "Something Really Good" - **Joe Gaglione** - the people that gave me the list of winners couldn't remember exactly where he finished in which singles event, except that he was winning an awful lot

Men's Doubles 501 - Top 8 - **Lee Scott** & **Keith Wall**

Men's Doubles Cricket - Top 8 - **Lee Scott** & **Keith Wall**

Mixed Doubles 501 - Top 4 - **Billy West** & **Angel Gaffney**

Mixed Doubles Cricket - Top 8 - Bob Gargan & Raquel Hickerson (who might as well be considered an RDL member)

Ladies' Singles 501 - Top 4 - **Angel Gaffney**

Ladies' Singles Cricket - Top 4 - **Angel Gaffney**

Ladies' Doubles 501 - Top 4 - **Angel Gaffney** & Amanda Glossen

Ladies' Doubles Cricket - Top 4 - **Angel Gaffney** & Amanda Glossen

And a little side note quote that possibly explains some of our players' failures, or maybe successes?: "Ray Carver got a bunch of RDL players drunk at a Charlotte strip bar!" [Geez, I need more friends like Ray Carver. - JK]

PLAYING IN A SUMMER TOURNAMENT? HOW ABOUT CALLING ME WITH RDL WINNERS FOR NEXT SEASON'S TONS?

A NOTE TO CAPTAINS THAT I RAN LAST SEASON, AND I'M RUNNING IT AGAIN! *READ THIS!!*

Copies of your scoresheets

OK, it's not a rule that every team keep a copy of every scoresheet from every match they play. You really should only need one copy between the two teams if everything goes according to plan. However, how often does every last thing go right for an entire season? People lose scoresheets, spill things on scoresheets, tear scoresheets, entrust them to someone that they probably shouldn't, etc. And that's just the captains. There is no real guarantee that your scoresheet will make it to me through the mail. We actually had one scoresheet not turn up through the mail in the 12th week of this season. Unless the captain of a lost scoresheet has proof that s/he mailed it, that team will still get a mail-in penalty, but at least the statistics wouldn't be lost if another copy had been saved. And that goes for losing captains too: there is no reason that each team can't keep its own scoresheet for a match in case the winning team loses theirs. If you lost and you have a copy, at least that way I can keep all of your team's numbers fully accurate. So, the bottom line is that while it's not mandatory that each team keep a copy of the sheet, it is strongly recommended for your own benefit. And if your opponents lose their scoresheet, offer to let them make a COPY of yours, but do NOT let them take your sheet. They've already lost one copy, why would you trust them with *your* only one?

THE LOSS OF TWO RDL ESTABLISHMENTS

It's unfortunate, but our league may have lost two of our long-time host establishments. **Playtime Billiards** has been sold to the owner of Harrison's, and its fate is uncertain for the near future as it pertains to us. The fate of another RDL host establishment is, painfully, a bit more certain. The **Scramble Dog**, a Western Boulevard institution for 42 years, burned to the ground on Monday, May 5th. I have not been informed that the cause of the blaze was ever determined, but it is definite that the Dog will be missed very much by many RDL members. Our greatest condolences go out to all those who threw at the Dog, hung out at the Dog, and simply spent a lot of their free time there with close friends and a cold drink or two.

SPRING 1998 BAR RATINGS AWARD

Unfortunately, real life catches up with us sometimes. And unfortunately, real life has caused a delay in our bar ratings award for this season. The first half of the season's ratings have been tabulated, but the second half is not yet complete. Our volunteer will have them done very soon, but not in time for this edition of the Tons of Newsletter. That's okay, though. We'll just include the honor in the first issue of next season's Tons. It will be fresher in everybody's memories for the rest of the season that way anyway.

DIVISIONAL BLIND DRAWS

I just can't figure out some of you guys. For instance, why in the world could so many of our teams not get two of their players to volunteer to play ***for free*** in the divisional blind draws? The best turnout was a paltry six out of eight for any of our divisions. That's pathetic. The RDL board went through a lot of work to set these up, and our seven host establishments offered us space ***and cash*** to do nothing besides show up and play our favorite game. Anyway, you guys missed out! I have heard nothing but comments like these for the past three days: Can we do it again next season?" "Why would anyone NOT want to play in this for free?!" "This was a GREAT idea!" And so on and so on and so on… This was only done due to the schedule of the VFW hall, but I'm sure the Board will appreciate that you all enjoyed it so.

OTHER MISCELLANEOUS STUFF FROM JK

--I've never seen so many teams in the same season that made such incredible season-long comebacks. My team in A division, Letting Go, started off with a win and then four losses to drop to seventh place. An 8-of-9 finish later and we claimed the second place plaques. There was a better comeback in D division, by the Black & Tans: after an 0-4 start, B&Ts went 9-1 to move to 3rd, and then won the D tournament. A similar run in F was completed by the Cheap Shots: they started 2-7, won their last five in a row, then claimed the F Mugs too. The best run was in G division by the Travelin' Beer Bellies though: a 2-3 start was enough to keep them down to second in the regular season, but their 12-match win streak did bring the Mugs along with the 2nd place finish in the regular season.

--Congrats to Shameless & Aimless VI, who were the only team that lost only once in the regular season and tournament combined.

--Remember my bonus preseason picks about undefeated and winless teams? Well, Fringe (my only prediction for an undefeated team) was only a 1001 out away from proving me right. As for my picks for winless teams, I said that there would be two but I would not tell you who they were. Well, the season's over now and I'll tell you that one of my two picks was indeed the only winless team in the RDL, and my other pick finished 3-11, but at least they *did* finish last in their division.

--I wonder when D division will ever again not be a complete and utter mess all season in terms of jumbled standings.

--There has yet to be a 24-0 score since I took over the Tons, but there were two more 23-1 matches this season. So What! topped Letting Go (ouch) by that score in week 5, and Top Dead Center did it to Kozmik Debris in week 6.

--Two teams that won Mugs this season also won them last season: Flying Aces (second in a row) and S&A (fourth in a row!).

--OK, so I've written the phrase Shameless & Aimless what seems like countless times in relation to high levels of achievement. Well, next season they'll be in A. Early betting line for their W/L record? I'll say an average old 7-7 if A is mostly the same. Welcome to the Raleigh "A" division, fellas.

--So why didn't they win the tournament? John Scanlon and Mark Tomlinson showed up for their blind draw with darts on the brain. They smoked through most of their sets, from what I hear, and then they claimed the finals in three straight after coming back from the losers' bracket. Hmmm. I wonder what their teammates are thinking now.

*--Just out of curiosity: Is yours a good captain or a bad captain, in terms of keeping you guys informed? Does your captain bring copies of the newsletter, or AT LEAST the copy that I send for each team, so that you guys can read it, and keep up with league events? If not, did you know that most captains do that kind of stuff? Did you know that your captain is EXPECTED to be doing that stuff? If you're a captain and you don't keep your team informed, are you now about to look around and see how many of your pi**ed off teammates are reading this column at this very moment? Are you going to try to do better next season?*

--Word of advice: never play drinking games with Phil Brown. Or if you do, make sure that he's not drinking straight Pepsi while he's ordering you to chug. (For details, kindly refer requests to Eric M.)

--If there was an award for "A" division rookie of the season, would you vote for Brian Selby? He sure would. He's been telling me so for a month. Instead I'm starting the seasonal "Persistent Little Pain In The Butt Award". This season's recipient: Brian. Who else?

TOURNAMENT WINNERS

"A" Division - ***So What*** *(13-5)*

It's back-to-back A division Mugs for most of these guys. Billy West delivered the match dart and went undefeated for the second straight tournament final. Also going 3-0 for So What were Keith Wall and Kevin Barton.

"B" Division - ***No Clue*** *(14-8)*

These guys really should pop the name plate off one of their Mugs and put a new plate on it with Dee Marx's name on it. If she hadn't mentioned their victory to me, nobody would have known that they won. The Mugs should read "No Call".

"C" Division - ***Comfortably Numb*** *(14-8 or 13-9)*

I just knew that these guys were one of the best teams in this division. It took just took them a while to realize that I was right. Team horse Pat Crowley pitched the Mug winner.

"D" Division - ***Flying Aces*** *(13-9)*

In what was one of the craziest tournaments I've ever seen, this #5 seed knocked off the LAST place team in the tournament final. Chris Buchanan tossed the final dart of a tourney that could only have come out of our beloved Raleigh D division.

"E" Division - ***Scavengers*** *(13-9)*

In the most boring, non-upset laden tournament, at least the top team didn't win. I'm not sure it was really a big story that the Scavengers knocked off Half & Half though, since it was the Scavengers' 8th straight match win.

"F" Division - ***Dodge Darts*** *(14-10)*

A month and half ago, captain Melissa said "see what can happen when we bring enough players?" No kidding! The Dodgers tied the Flying Aces for lowest seed to win a divisional tournament this year, beating the #4, 1 and 3 teams on the way.

"G" Division - ***Sharp Darts*** *(13-8)*

I don't know how the Sharp Darts felt when they looked over and it wasn't Positive Vibration they were facing, but it didn't matter. They were right on the brink all season, and obviously peaked at just the exact right time.

REGULAR SEASON WINNERS

"A" Division - ***Lunatic Fringe*** *(11 wins, 1 loss)*
2nd place - Shameless & Aimless VII

"B" Division - ***No Clue*** *(10 wins, 2 losses)*
2nd place - Dogs of War

"C" Division - ***Friends of the Devil*** *(13 wins, 1 loss)*
2nd place - Stik It

"D" Division - ***Excalibur*** *(10 wins, 2 losses)*
2nd place - Horsemen

"E" Division - ***Half & Half*** *(11 wins, 3 losses)*
2nd place - Scavengers

"F" Division - ***Cheap Shots*** *(13 wins, 1 loss)*
2nd place - Been There, "F"d That

"G" Division - ***Positive Vibration*** *(12 wins, 2 losses)*
2nd place - Sharp Darts

QUOTES FROM THE TOURNAMENTS

Quote #1 : from Andrew Root (I think), captain of Last Call: "Ho-ho-hooooo! What have we here? Why yes, it's a victory for Last Call..." [I still can't figure out why I was surprised. So the last place team in D division knocked off my tournament pick in the first round... That's pretty much par for the course in that dang division. - JK]

Quote #2 : from Craig Coker, captain of Arrowing Experience, who obviously wasn't paying enough attention when he called the Voice Mail and heard me rattling off tournament pairings at a mile a minute: "Wow! That was a good message. I hope there's not a quiz tomorrow, because I didn't record any of it." [There was. He failed. - JK]

Quote #3 : from Mike Crolla, of Tattoo the Red Eye, who unfortunately had to accept a first-round forfeit victory. Sounds like Mike made the best of a bummer night though: "... we basically did some blind-drawing for ourselves, and you know, had a few beers, and won some money." [Weha! Now when the kegs are empty, we know to whom we should turn. - JK]

Quote #4 : from Chuckie Greer, captain of No Clue, who evidently got bored between the quarterfinals and semifinals one night at about 3:00 a.m.: "I pity the fool who mess with No Clue! I pity the fool!" [Man, this quote would have been so much better if No Clue had lost... - JK]

Quotes #5-9 : from Keith Wall of So What, Bob Kuppler of One & Done, Chris Buchanan of Flying Aces, Andrew Root of Last Call (again), and Melissa Perrault of Dodge Darts: "Hey Jason, it's (insert caller's name here). I bet you didn't expect to hear from me tonight!" [They were all right! Holy crap, what happened on December 2nd!?!? Was it a full moon or something!? Five top seeds lost all on the same day, as well as several of the second seeds! Wow. - JK]

Quote #10 : from pretty much all of Tattoo the Red Eye, who had a bit more of a message than those teams in quotes #5-9: "(Yell, yell!) (Howl, howl!) (Scream, scream!) (Whistle, whistle!) Can they be beat!? CAN they be beat!? YES, they can! Tattoo the Red Eye over Positive Vibration, 14-7 tonight!" [In case you missed it, I posed that question in the tournament newsletter. Of course, my answer was 'yes', but you wouldn't know it from Tattoo's reaction. I am curious, though, which team played shorthanded, and just exactly who was missing. - JK]

Quote #11 : from John Hoomani, captain of Scavengers: "It was close. 9-9 after doubles. Tied after both singles and doubles..." [Hmmmm. Anyone else wonder how that could be true? And then he initially reported the final score as 13-4 before correcting it to 13-9. Man, that must have been a really good Mug-winning celebration! - JK]

Quote #12 : from a captain whose name shall remain anonymous to avoid any unnecessary confrontation: "Basically, we kicked their butt, but ya ain't got to put all THAT in the newsletter..." [Oh yes. Yes, I do. I can't help myself. I live for quotes like this one. - JK]

Quote #13 : from what I can only guess were a bunch of drunken members of Dodge Darts: "... WHEN YOU blah-blah-blah! AND YOU THROW blah-blah-blah! And there's NOTHING you can do about it!" [I just wrote 'blah-blah-blah' in the parts where they were completely and utterly incomprehensible. I must have listened to this message at least 25 times trying to figure out the babble. Best I can figure is that they felt like they showed me up or something. - JK]

Quote #14 : from the members of No Clue following what is rumored to have been a victory by them in the B division final: "....." [That's right. Not a word. Know why? Because they didn't even bother to call in and tell anybody that they won. It's probably still a question as to whether or not their Mugs were even prepared. - JK]

Quotes #15-17 : from Keith Moats, captain of Shameless & Aimless VII. [I debated with myself over whether I should even include the third quote, but he really seemed to want to say something, so I figured 'who am I to deny him his right to speak a little?' - JK] *#15* : "I want to thank A division for the competitiveness, and the good teams, and the hospitality, and the sportsmanship from every team, and from every individual off of every team." *#16* : "I want to thank So What for coming out and spanking our a**. They wanted it a lot more than we did last night." *#17* : "On the side, I would like to say, and this is between me and the RDL, from me personally as an individual. I'm sorry to say about all the feedback that I get, and this is for every RDL member out there, I do not pay my players. I have not given a dime or a penny to any of my team. I buy a lot of drinks, and some shirts, hats, whatever. That's just the way I am. I just want that in the newsletter that we're just out having a good time, and I'm really sorry that some people perceive that as just another reason to be jealous about coming to Fuquay. And on that note, I appreciate all of my players riding out here for a great seven-season run. We've had fun."

REGISTRATION FOR OTHER LOCAL LEAGUES

CAPITAL AREA DART CLUB (Mondays/Thursdays)

Looking to get some extra practice in each week? Don't necessarily want to have to get together another team for a different night of play each week? Maybe you should consider adding a night solely for singles or doubles play. The Capital Area Dart Club, right here in the greater Raleigh metropolitan area, offers both singles and doubles leagues, with one special segment of the doubles being a mixed doubles division. Registration fees for the CADC are rather low, even in comparison to other local leagues that don't really cost that match themselves. Especially if you consider the fact that you will likely play a dozen games or so in each match. Now THAT's a lot of practice. Interested? You can register tomorrow at the CADC banquet, at Champions in Mission Valley (5 p.m., I think). Call Craig Coker at 846-8864 for more information.

BULL CITY DART LEAGUE (Tuesdays)

Or maybe you and your teammates need a little extra practice in a team format? Maybe one that could give you a little more practice in clutch situations? Then perhaps you should try the Bull City Dart League in Durham/RTP. It's a handicapped league, so players often reach the out at about the same time - it's great for building experience hitting the out when you really need it. Registration for the BCDL will be accepted through December 29th. Call BCDL President Andy Mead at 489-2474 for information, or attend a BCDL blind draw, 12/15 at Champs on US-70, or 12/22 or 12/29 at PJ's, (7:30 p.m.).

THIS SEASON'S TIEBREAKERS

The total number of tiebreakers dropped just a bit this season, down to a grand total of 30. Just over two per week league-wide - that doesn't surprise me considering the incredibly high number of matches in which one or both teams played shorthanded, thereby messing with the normal 24 point match total. The number of tiebreakers by division: 2 in A division, 4 in B division, 7 in C division, 0!! in D division (how is it even possible that a division as even as D could have NO tiebreakers all season?), 8 in E division, 4 in F division, and 5 in G division. Six teams played more than two tiebreakers this season (One & Done and Double Shots in C division, Scavengers and Dynamic Darts and Heroes in Trouble in E division, and Travelin' Beer Bellies in F division). Dixie Chickens in B division also played three tiebreakers, if you count the tournament matches. The team that probably has the highest blood pressure here at the end of the season is Dynamic Darts, as they were involved in a tension-mounting four 1001 games this season (that's a few seasons in a row with a lot of 1001s for the Dynamics). The heartbreaker awards would have to go to the Dixie Chickens and Double Shots though, as both of those squads lost all three of their tiebreaker opportunities. Bummer for them, but at least they got their money's worth of games for their registration $$. Plays havoc with the old all-star percentage though.

FALL 1998 PENALTY SUMMARY

For the first time in my six seasons as editor of your Tons of Newsletter I have included a complete penalty log in every issue. Therefore, there should not have been any questions about what was incurred by whom and when. So, I'm not going to preach about which teams moved up or down a spot in the standings due to penalties. If you want to know, just look on page 8 and add up the individual penalties for any given team and then compare the lost points to the differences in the standings.
I will, however, include my normal tabulations of the penalties for your perusal. And so here they are...: In total, **30!!** of the 53 RDL teams racked up at least one penalty. There were a total of **54!!** penalties for a total of 325 points. *That is absolutely pathetic... more than a penalty per team.* There were no ineligible player penalties so there were no match wins taken away (I guess there's the one silver lining in that obscene total...). There were 8 captains' meeting penalties (5 points each for a total of 40), 7 phone-in penalties (5 points each for a total of 35), 5 mail-in penalties (16 points each for a total of 80), 22 election ballot and 12 run-off ballot penalties (5 points each for a total of 170). Breakdown by division: "A": 2 penalties/10 points/2 teams; "B": 5 pen./36 pts./4 teams; "C": 7 pen./35 pts./5 teams; "D": 5 pen./25 pts./3 teams; "E": 11 pen./66 pts./ 6 teams; "F": 7 pen./35 pts./4 teams; "G": 17 pen./118 pts./6 teams.

1998 NCCDL/NCLC TOURNEYS

North Carolina Ladies' Cup Tournament Results

Ok, I'll give you one guess what city has the best ladies' challenge team in the state. If you get it wrong, I'm going to sic Billie and the girls on you! That's right - Raleigh!

Last weekend the Raleigh ladies hosted (as the previous holders of the NC Ladies' Cup) one heck of a postseason tournament at Champions. It was filled with big shots, big upsets, and a BIG showing by the NCLC East Division!

In the quarterfinals, Raleigh quickly dispatched the West division cellar dwellars, Piedmont, by a score of 13-3. Led by Paula Delp (3-0, 88-Out, 8m), Connie Austin (3-0), and Gina Oakley (3-0,several turns over 120), the Raleigh ladies didn't even need to finish the third section of the match. In other quarterfinals, Chapel Hill (last in the East) dumped West division champ Asheville, Fayetteville won by forfeit over Boone, and Durham almost made it an all East semis in a close loss to Charlotte. Not to worry though, as Raleigh eliminated Charlotte in the semis by another wide margin, 14-6. Gina Oakley went undefeated again (4-0) and Connie Austin tossed in a T-80. Chapel Hill continued their upset ways in the other half of the draw, knocking off Fayetteville.

In the finals, it went right down to the last possible set, as Chapel Hill played to a 12-12 tie, setting up a 2-of-3 set of 701. It was all Raleigh in the tiebreaker though, as Deb Parker's double-10 and Connie Austin's double-20 kept the Cup right here in Raleigh. Paula Delp (4-0) & Deb Parker (4-0) led the way in the finals. Kathy Barnes also pitched a 9m in her only finals set. Congrats to the ladies on an impressive victory over a tough upstart Chapel Hill squad!

North Carolina City Dart League Tournament Results

Not to be outdone, the men's teams held an exciting post-season tournament in Piedmont on the same weekend. In play-in matches in November, Asheville had eliminated Capital Area 20-8 and Hickory forfeited to Chapel Hill. For some reason, that attendance problem continued into the finals weekend, as both Fayetteville and Boone forfeited (to Charlotte and Durham, respectively). In addition, Chapel Hill only played with six players (in an 8-player list) in their 21-5 loss to Piedmont. In the only fully contested quarter-final, Raleigh whooped up on a good Asheville team, 20-2! In the semifinals, Raleigh again pounded a solid opponent, this time 21-3 over Charlotte. At the same time, Durham (with several RDL members on the team, including yours truly) was dropping a one-game 1001 tiebreaker to defending champion Piedmont after a 19-19 match. It was an incredible match - the kind of match that really makes me appreciate the game of darts. That was serious fun.

Alas, Piedmont had advanced to the finals, and now it was up to Raleigh to knock them off their throne. Things started off well, with Raleigh taking a 5-3 lead in 301. Splits of singles cricket, doubles 501, and doubles cricket moved the score to 17-15. Piedmont needed both four-man sets of 701, and wouldn't ya know it? They got 'em. Dang! They escaped. Now we all return to Kernersville next year.

"HOT DARTS" CALL-IN GUIDELINES

Here are the guidelines you should use when deciding what you should use as your minimum number of all-star points for reporting when you call in your scores.

"A" Division = 4.5 or more ASPs

"D" and "E" Divisions = 3.0 or more ASPs
"F" and "G" Divisions = 2.5 or more ASPs

PENALTY LOG

People generally don't want to be reminded of their mistakes, but remembering your mistakes is the best way to avoid making them again. To that end, I am maintaining a weekly penalty log which will list all of the penalties assessed thus far this season. I hope that this will eliminate any questions any teams have about which week each penalty was accumulated. So, here they are so far:

Captains' meeting (5 pts.): Comfortably Numb (C), Last Call (D), Nine Lives (E), Dynamic Darts (E), Heroes in Trouble (E), Dodge Darts (F), Tattoo the Red Eye (G), DA Bulls (G).

QUICK STAT TIDBITS

-The **Quadruple Double Award** winners (double-digit wins in all four sections): *JACKY BUCKNER* of Half & Half was the only person who achieved this difficult feat this season. That's two seasons in a row that only a single individual was able to pull that off. Not so coincidentally, if you look above, you'll notice that Jacky is also my RDL MVP. While Jacky was the only one to make it, several others (six to be exact) came quite close. Achieving double-digit wins in three sets were: *Bob Terry* of Lunatic Fringe, *Todd Baber* of Been There, "F"d That, *Mark Sellers* of Cheap Shots, *Art Redmon* of Tattoo the Red Eye, and *Sean Edgecomb* of Positive Vibration. Though he didn't get double-digits wins in more than two sets, the only person other than Jacky to win even as many nine games in every set was *Steve Mitchell* of Sharp Darts.

-**IronMan/Woman Award**: *Bill Kiether* of Spank This in F division with a respectable **66** games played. Not quite as high as it has been the past couple seasons, but still pretty good. He played six extra singles games, four extra doubles games, and not a single 1001 game. Spank This was a pretty weird team all season - maybe Bill was just playing a lot to keep his mind busy, I suppose. Honorable mention to the leaders of the other six divisions: Steve Hoffmann, Kevin Barton and Tommy Gelhar in A div. - 52 games each (12-match season); teammates Eric Matthews, Barry Pierce and Scott Butters in B div. - 52 games each (12 matches); Tom Karleski in C div. - 63 games; Christopher Mori in D div. - 54 games (12 matches); Barry Jackson in E div. - 64 games; and Dave Wilser and Frank Black (This is who we are...) in G div. - 61 games.

-The **Team Attendance Award** winners: the members of *Lunatic Fringe.* I can't believe I just wrote that (I'm ignoring the two guys who never showed). Honorable mention: Double Shots, Half & Half, UZMALL, Rare Breed Darters.

THE NEWS & OBSERVER DOES DARTS!

Hey, did you check out the dart articles in the What's Up! section of the N&O yesterday? It had a nice list of local darting establishments, as well as a useful list of the specifics of each of the area dart leagues. In addition, there were a couple of pictures of RDL members! If you recall, I mentioned a month ago that an RDL member would be on the What's Up! cover, but they decided to put a flashy dart graphic there instead. Anyway, the RDL members in the photos were Jim Budelman, Tim Lane, Mike Hall (with most of One & Done and Kozmik Debris in the background) and Fred Flowers (well, they said it was Fred at least - sorry Fred, but we've never met so I couldn't confirm that one). There was also a picture of Tom Brown's three darts in the single bull (he probably wants us to think he threw them there...), and of two hands that are exchanging a dollar bill (I imagine the winner of that buck may 'fess up, but I doubt the loser will). If you hopped on to the N&O web site version of the story, there were also pictures of Steve Hoffmann and somebody's darts at the Dart Shadows-Let's Go! match. [And yes, in the Mike Hall picture, he's beating my team. You can't tell that from the picture, but just trust me on this one. - JK]

THE NEXT GENERATION OF DARTERS GROWS...

Congratulations are in order for Mark and Stefanie Poucher of Positive Vibration. Tuesday, they became the proud new parents of a wonderful set of twins, 5 lb., 1 oz. Stephen, and 5 lb., 9 oz. Hayden. Their first son Tyler is now 22 months old.

If you see the happy couple, give them your congratulations... or maybe you should just offer to give them a rest... I didn't even know Stefanie was pregnant - I guess that explains why she didn't play any matches this season.

Wil Tan IS the '01 King

I'm sure you guys all have somebody around who SWEARS that s/he is better at one game or the other ('01 vs. cricket). Well, we do too, and our guy is Wil Tan. Wil will not accept the fact that his ability relative to others in cricket isn't far superior to his ability in '01. Never mind the fact that Wil generally wins '01 games twice as often as he does cricket games. In three leagues. For multiple seasons. He still swears that his cricket game is better. For this self-opinion, and the fact that he has shown up late before so that I wouldn't list him in 01, we have dubbed him The '01 King! And for the 'crowning' ceremony, Kurt Kunttu actually had a shirt embroidered with "Wil Tan - '01 King" and brought him this crown to our quarterfinals match. Wil is such a good sport that he played the ENTIRE match wearing the Burger King, uh, I mean, -01 King Crown!

MY PRESEASON PREDICTION RESULTS

Well, everybody already knows that I had a pretty decent year in my weekly prediction efforts, but now let's take one last look at my preseason picks (if you will though, please remember that half of you goofs change half of your rosters after my picks are already done). In A, my pick won the regular season, and my pick for second won the tournament - not too bad. In B, my pick won both! In C, my pick won the regular season, and my dark horse pick won the tournament. In D, my pick won the tournament. In E, I sucked. In F, my pick won the regular season, and my postseason B.F.D. run pick came true. In G, I had a tough time - my pick was tourney runner-up - it's hard when all the teams are new. Anyway, I'll talk at ya some more next season!

OTHER MISCELLANEOUS STUFF FROM JK

--Ok, I'll start with the usual complain to the captains stuff: Make two copies of your scoresheets…. Buy a proof of mailing receipt to prove when you sent your scoresheet…. Blockers don't earn points…. Stop getting penalties…. Yada, yada, yada….
--Hey, how much would it suck to be the Horsemen? Four straight seasons with a 2nd place finish, a loss in the tournament, and a pass to the next division. Four times they've gone up now, and not a 1st place plaque or a Mug to show for it.
--Need a second job? How about asking some of the members of Fringe if they need some more studs put into the walls of their dens so they have someplace to hang all those plaques? So What has been hoarding all the Mugs lately, but Fringe's seven straight regular season A division titles aren't challenged very often. Geez, I haven't played for the Pigs in years, and I was on the last non-Fringe team to win A division. They have a pretty awesome streak.
--When Shameless & Aimless lost in the A final on Wednesday, that was their first tournament defeat in five(!) seasons.
--In case you missed it: NEWS FLASH! RDL D division is screwy! The last place team (finishing a full three matches out of next-to-last) was in the tournament final. Against the fifth place team. Sure. Why not? Actually, I think next season D division should just put all the players' names in a hat, and draw out random teams each Wednesday. The results couldn't really get any tougher to predict.
--Another amazing thing: Rubber Duckies finished 5-9 in E div. And finished LAST. Holy cow, that's tough. Fifth through eighth were all 5-9. What a logjam!
--There were two entire RDL teams that didn't throw more all-star than J.D. Dixon of S&A VII did. And he played in a division with only 12 matches. And he skipped a match!
--Did you pick up on the fact that Donnie Simpson won our run-off election and is now League Secretary? Well, he did and he is. So when you see him, thank him for volunteering his time and effort for the league. Come to think of it, maybe you should just thank all of your RDL Board members. They do a lot of work that you will probably never realize even needs to be done.

NEW PRICE FOR HOME DELIVERY OF TONS

Due to the fact that the newsletter I publish is a bit more complete than those from my predecessors, it takes more paper to print each copy. That means it costs a little more. People don't seem to mind, so I'll keep writing away. However, there is one slight problem - the $10 fee for home delivery no longer covers the costs of copying and postage for the season. So, from this point forward, home delivery will cost $15. I know, I know, Shock! Horror! Gasp! It's an outrage, blah, blah, blah… It's a buck a week to get the Tons sent right to your house. Still a bargain at almost any price! Just talk to me and Billie if you would like to receive it.

SHOT-OF-THE-TOURNAMENT

From the Lunatic Fringe vs. So What semifinals match in A div.:
In a close battle for an important singles cricket point, Tom Brown was playing Todd Lemons. With Todd having a one number lead on the 18s, but Tom having a slight point lead, Tom finished with one big stylistic bang! Tom threw s18, d18 (whoops), t17, and then followed that with a perfect turn of t16, t15, dBull. Tom got the point, but Todd got the last laugh, as So What won that match as well as their finals match and their second consecutive Mug. Still a heck of a string of darts though.

FOUR-YEAR (Eight-Season) TEAM PROGRESSION RECORDS

Ok, so you're probably wondering what the heck this is. Well, it's a table listing where each team has finished in each of the last 8 seasons.
You can track just how your team has moved up or down over the past eight seasons of play, and maybe relive that one great season just one more time.
What each set of information means: Division / Regular Season Finish Position / W-L Record / Tournament Result (xx = first round loss)
(Whenever a team changed its composition significantly from season to season, I just did the best I could.) (This list only includes teams that played this season.)
(Whenever possible, I also included the different team names for those groups that change their name from season to season.)

TONS OF NEWSLETTER

Home to the Spring Session of the Raleigh Dart League; Banquet Edition, Saturday, May 15, 1999

TOURNAMENT WINNERS

"A" Division - ***Lunatic Fringe*** *(14-10)*

Everything is back to normal after a couple seasons of So What!! Mugs, as the Fringe has regained their tournament supremacy. It took an absolute war with S&A in the finals though, capped by Bob Terry again, with a double-10.

"B" Division - ***Arrowing Experience*** *(14-9)*

The guys of AE somehow get through the tournament without playing a team seeded any higher than #4 or with a winning record. For drama, they gave up a 9-2 lead in the finals before reeling off five straight doubles for the Mug-claiming victory.

"C" Division - ***Black & Tans*** *(?-?)*

The B&Ts punched out One & Done in week 14, then made their way through the Neighbors, Shooter's Buzz and Comfortably Numb on the path to the Mugs. They certainly didn't back into this set of awards.

"D" Division - ***Flying Aces*** *(13-12)*

Two #1 teams, two #2 teams, and two #3 teams won Mugs this season. And then there were the Aces! Coming from the lowly #7 slot, the Aces defended their D division tournament title before they head down to E division next season.

"E" Division - ***Nine Lives*** *(13-11)*

Another match decided in the final set of 501, this one gives the Nine Lives the season/tournament double (only two teams did it this season). The upstart Sharp Darts almost pulled off a Flying Aces-like miracle coming from the #7 spot.

"F" Division - ***Dodge Darts*** *(?-?)*

I'll just let Steve Holland of Dodge Darts tell you guys how it went: "I am the man. And I will continue to be the man. And I will ALWAYS get MINE."

"G" Division - ***Big Shots*** *(13-12)*

Wayne Taylor delivers the all-important double-20 with both teams sitting on 40 in the 1001 game, in one of the most even rivalries in the RDL this season. Like they always say, it's tough to beat a team three times in a row.

On a side note, thanks to the team that said we shouldn't order Mugs for the guys who didn't play. They probably wouldn't mean much to them anyway, and we can save a few bucks for RDL in the process. I just felt that was a very thoughtful thing, and deserved a mention.

RDL CHALLENGE TEAM ACTION!

Continued Mixed Doubles Team Domination

The Raleigh Mixed Doubles Team defended the NC/SC Mixed Cup once again, this time turning away the first-time competitors from Durham. [The format of the match has four men and four women per set. In singles, the women play the women, and the men play the men. In doubles, each pair is a mixed pair.] Raleigh led early with a 5-3 advantage in singles 301, the ladies splitting 2-2 and the men winning 3-1. A big surge involving 3-1 records for both the men and women in singles cricket pushed the lead to 11-5. A split of doubles 501 put the RDL team on the edge of victory at 15-9, needing only one more win in doubles. Raleigh got two though in doubles cricket, giving them a 19-13 final score and setting up another defense in a month and a half.

Playing for Raleigh were: Connie Austin (2-0), Kathy Barnes (1-1), Britt Campbell (1-1), Billie Churchwell (0-2), Paula Delp (2-0), Michelle Gaffney (1-1), Gina Oakley (1-1), Deb Parker (1-1), Phillip Eastmead (0-1), Joe Gaglione (4-0, *12-dart SCkt*), Jerry Oakley (1-2), Allen Smith (3-1, *9-dart 301* , 8m), and Keith Wall (2-2, 10-dart 301, 120-In).

RDL members playing for Durham were: Doug Jeffcoat (1-3, 9m), Kurt Kunttu (2-2, 101-Out), and Todd Lemons (2-2, 9m).

RDL NCLC Team Still The Team To Beat

The defending Ladies' Cup Champion Raleigh team continued its seemingly endless winning ways again last weekend. Except for their lone upset loss to Chapel Hill last year, the Raleigh team has been almost untouchable for a couple years now. That dominating fashion was exhibited again in their most recent victory, this time over the ladies of Durham. As with the Mixed Doubles match reported above, the ladies used some serious singles points to put this one away. A quick 4-2 lead in singles 401 was extended with a 5-1 run in singles cricket, pushing the lead to 9-3. Durham claimed two of the three 501 sets to get back in striking distance at 11-7, but Raleigh wrapped up the match with two of the three doubles cricket sets. The final score of 15-9 moved the ladies to 3-0 on the season, and sitting right where they left off in 1998, atop the East Division of the NCLC.

Playing for Raleigh were: Tracey Brown (0-2), Britt Campbell (0-2), Billie Churchwell (2-2), Paula Delp (3-1, **T-80**, 11-dart 401, 5-Bulls), Michelle Gaffney (3-1), Gina Oakley (4-0), and Deb Parker (3-1).

RDL NCCDL Team Pulls A Houdini Act

While the Raleigh Ladies' Cup team was putting their opponents down early in their match, the Raleigh City League team (men's team, basically) played a bit of a different type of match. The Raleigh men also traveled to Durham last weekend, but their test was a bit tougher.

Durham jumped all over the Raleigh men early, winning 6 of the 8 singles 301 sets to claim a quick 6-2 lead in the 38-point match. The winning ways continued for Durham through singles cricket with a 5-3 advantage to push the match score to 11-5, with Raleigh trailing.

The Raleigh guys shoved their way right back into the match in the 501 set though, winning three of the four sets, and even having a one-game lead in the fourth of those sets. Those six points pulled Raleigh within 13-11, but Durham turned the tables right back on them in the doubles cricket. Three of the four doubles cricket sets went to the Bull City throwers, putting Durham ahead 19-13, and forcing the RDL guys to sweep the four-player 701 sets just to force a tiebreaker. And that's exactly what they did, knotting the score at 19-19. Raleigh then rolled in the single game of 1001, with Jerry Oakley taking out 69 in two darts for the win. The win was very much out of the ordinary for the Raleigh team as they lost the cricket set points by an 11-5 score, and ended up winning the match by taking the -01 sets by 14(+) to 8.

Playing for Raleigh were: Jim Budelman (3-2, TWO 11-dart 301s, and a 120-In), Craig Cashwell (2-3, **9m**), Mike Eller (2-3), Steve Hoffmann (3-2, **T-80**), Tim Lane (2-3, **9m**), Jerry Oakley (3-2), Pete Rutten (0-1, **160-In**), Bob Terry (4-1), and Keith Wall (2-2). RDL members playing for Durham: Tom Brown (1-4), Doug Jeffcoat (4-1 and throwing huge darts), Jason Kilts (1-2), Kurt Kunttu 2-3, **9m**, 112-In, 12-dart 301), Todd Lemons (2-3, 115-Out), and Andy Mead (3-1, **9m**, 107-Out).

ANOTHER NEW DARTER IS BORN

Chris Wandscher (most recently of Top Dead Center) and his wife Jody have recently become the proud parents of a healthy young girl, Emma Catherine. Everyone is doing well, and word has it that Chris thinks he'll start having time to play darts again in the Fall season. Foolin' himself I guess…. [Thanks to Teresa Smith for sharing this bit of info. with us.]

Don't forget the Carolina Classic this coming August. It's not every day that a well-attended $12,000+ ADO tournament starts up in your backyard. If your name is on this page, odds are that you're good enough to go out and compete, right?

THIS SEASON'S TIEBREAKERS

The total number of tiebreakers dropped just this season was exactly the same total that we had last season - 30. It would initially seem that this is a decrease in the rate of tiebreaker since there were more matches this season, but one of the teams dropped out so it's really about the same. The number of tiebreakers by division: 6 in A division, 2 in the 7-team B division, 4 in C division (the division with the team that dropped out), 3 in D division, 6 in E division, 2 in F division, and 7 in G division. Six teams played more than two tiebreakers this season (So What!! in A division, Comfortably Numb in C division, Nine Lives and Not Again! in E division, and Dead Sox and The "G" Spot in G division). Excalibur in B division, Grateful Darts in D division, and Big Shots also played three tiebreakers, if you count the tournament matches. There are two teams that are the likely high blood pressure candidates this season, as both So What!! And the Dead Sox played a league-high four 1001 games counting the tournament. There were no real heartbreak kids this season, as no team lost more than two games of 1001. There were, however, some very clutch throwers hanging around though - Both Comfortably Numb and Not Again! won all three of their chances in the extra set. The excitement of winning three of the sudden-death games in a single season would definitely have to be worth the cost of registration.

SPRING 1999 PENALTY SUMMARY

I included the complete penalty log in every issue of the Tons of Newsletter again this season, and I thought that maybe having a weekly reminder of the mistakes of others would decrease the total number of penalties. Well, that's not the case. We didn't have any ballot penalties like last season, since there weren't any elections. Other than those though, we still have the same total of each type of penalty. I guess that maybe we've just cut down the penalty total to the critical mass level where forgetfulness and carelessness are just going to make a certain number just because they are. Anyway, you can check out exactly who got what penalties and when on page 8. So, I'm not going to preach about which teams moved up or down a spot in the standings due to penalties. If you want to know, just add up the individual penalties for any given team and then compare the lost points to the differences in the standings. I will, however, include my normal tabulations of the penalties for your perusal. And so here they are….: In total, 17 of the 55 RDL teams were assessed at least one penalty. There were a total of 21 penalties for a total of 193 points and 1 match win. Unlike last season, we did have one ineligible player this season, and that one was intentional, so that's a bit disgusting. There were 5 Fifth Week captains' meeting penalties (5 pts. each), 8 phone-in penalties (5 pts. each), 1 ineligible player (16 pts. and a match win), and 7 mail-in penalties (16 pts. each). On the plus side, no team was penalized more than twice this season.

NEW RDL ESTABLISHMENT

There will be a new host establishment in the RDL next season, and they are looking for another team to play out of their place. They say they already have one team, but would obviously like another. The place is called Tailgaters, and is located near the intersection of Millbrook and Hargrove. If you are interested, call Kim Smith at 872-2827.

OTHER LOCAL SUMMER LEAGUES

Well, you've missed the start of the Bull City Dart League, and I don't know when the Triangle Dart League in Chapel Hill starts back up, but I do have info. on two close to home:

TOBACCO ROAD DART LEAGUE

Summer darts are alive and well in Durham, and the Tobacco Road Monday night Dart League is just about to start. The Spring banquet is going to be held tomorrow (at PJ's??, call the TRDL to be sure), and registration will take place over the next two weeks. Rosters consist of 4-6 players and will be accepted at the banquet, or at either registration meeting - Monday, May 17th and Monday, May 24th at 7:30 p.m. at PJ's Sports Bar. The TRDL currently hosts teams out of RTP and Durham, but has indicated that if interest is strong enough, they would consider establishments all the way to Cary. The format is all best-2-of-3, so the league provides a lot of practice, and might be the best place to keep your game in tune over the summer. For information, call Doug Jeffcoat (596-7980) or John Strobel (596-4391).

CAPITAL AREA DART CLUB

Do you want to increase your stamina? Would you like to improve your game? Do you like to have Fun?

QUICK STAT TIDBITS

-The **Quadruple Double Award** winners (double-digit wins in all four sections): *NOBODY!!!* Not a single person in the RDL achieved that difficult feat this season. I don't have my past banquet Tons with me right now, but I'm not sure we've ever had nobody make it before. The last two seasons we've only had one each time, but not none. Anyway, there were several people who came awfully close. Eight people won double-digits of games in three sets. In addition, the following nine people all won at least nine games in every set, this season's top standard: *John Janosko* of Wieblin, *Will Benson* of Shooter's Buzz, *Adam King* of One & Done, *William Holland* of Grateful Darts, *Nate Wade* of Scavengers, *John Carroll* of Last Call, *Matthew Copple* of Nine Lives, and *Steve Holland* and *Chuck Greer* of Dodge Darts.

-**IronMan/Woman Award**: We had a three-way tie this season at a healthy **63** games. *Bob Terry* of Lunatic Fringe in A, *John Howell* of Starving Dartists in D, and *Dave Wilser* of Get Over It in G division. Each of the three of them had at least one set with 17 games played in it, but Mr. Terry is the king because he played 17 games of EACH doubles set in the 14-week season. So, I guess you pick the guy with the 0.635 win percentage when he plays with 5 NC State champions, eh? Honorable mention for others who led their divisions: Tom Karleski of Stik It in B - 57 games (in a 12-week season); John Scanlon and Will Benson of Shooter's Buzz, and Adam King of One & Done with a low 56 games due to forfeits in C; Butch Smith of Nine Lives and David Romanchek of To the Point in E - 60 games; and Bob Kvasnicka and April McCann of B.F.D. in F - 61 games.

-The **Team Attendance Award** winners: the members of *Wieblin*. There were not any teams this season where everyone played the same number of games. Wieblin was closest with six team members separated by a total of four games. Honorable mentions: The Bye in A division, Positive Vibration in E, UZMALL in F, and Sharky's Machine in G.

I'M MOVING

Here is your early notice. Next season, my Franklin Street address will NOT be the scoresheet return address. I'm moving to Durham, and I'll give you the specifics when next season cranks up. Just remember that I've moved though when next season starts, because captains who send their scoresheets to the wrong address are going to be receiving mail-in penalties. (And you should probably go destroy any old address labels you have left over from seasons when you lost a bunch of times and didn't send me much mail.)

FALL 1999 SEASON RULE CHANGES

The RDL Board and the Rules Committee will be changing a couple of rules for next season. So, make sure you get any information you need at the preseason captains' meeting in the Fall. There may be a few different minor changes, but the most significant ones will involve the addition of players to rosters after the registration meeting. The likely rule will involve one extra week between registration and the start of the season, and the inclusion of a 'cut line' for roster addition freedom before the Membership Secretary places the teams in their divisions. Once teams are set into divisions, player add-ons will require Board approval votes before the new player would be eligible.

SUMMER WEDNESDAY BLIND DRAWS

Don't want to pick up another league? Like your Wednesday night regular schedule? Then Woody's and Snooker's would be happy to see you this summer. Both have added Wed. blind draws for the summer (details - page 8).

ARE YOU RECRUITING?

The more players we have, the more darting friends we have. Are you doing any recruiting of friends, family, co-workers, etc.? I personally am giving a series of 'dart seminars' to the intramural recreation groups at NCSU. Maybe a few will get hooked - who knows? Anyway, go recruit this summer.

FALL 1998 AND SPRING 1999 BAR RATING RESULTS

Included here are the cumulative averages of each RDL host establishment's ratings from their visiting captains. The Board has taken the individual scores and comments and talked with some bar owners about what needs to be improved, but it is equally important to recognize our establishments that have provided the most excellent accommodations to our members. In any case, here are the result totals for each and every one of our establishments for the past two seasons. The top three of each season receive awards in recognition of their facilities and service.

MY PRESEASON & TOURNEY PREDICTION RESULTS

I again had a pretty decent season of regular season match picks, but let's look now at my tourney picks and my preseason "guesses". I nearly nailed the entire A div. bracket, and I might have had the B set too if the division's best player hadn't broken his hand. My 2nd place pick in C took the Mugs, I got completely rocked in D division (as always), and I picked about half of the E bracket correctly. In F and G, I got one right, and almost the other, but I was pretty close in the early rounds too. All in all, not too bad for tourney predictions.

And now on to the preseason picks… I had my season and tourney picks backward in A; my B pick finished 0.500, but I was right about Wieblin beating every team in the division at least once; I basically nailed the C div. regular season; I also picked the D winner; and I was only a few points from getting the E winner as well; and I even got the F winner right; and I also picked the G winner! Geez, why do you guys even bother playing? Just turn in your rosters and ask me what will happen. I was within a couple points of picking 6 of the 7 divisions! I have to admit that even I'm a bit surprised at my preseason success this time…

QUOTES OF THE TOURNAMENT

"The feel-good edition", evidently…

Quote #1 : from Bob Kitchin, of Tattoo the Red Eye, who normally stirs things up a bit, but is evidently softening up: "I just want to pass along that we really had a good time playing the Big Shots all year. We beat them 13-11 and 13-12, and last night it came down to 1001 again. We were both on a 40-Out, and their guy nailed it on the first dart. It was a great season, we REALLY enjoyed playing those guys, and we look forward to playing them next year."

Quote #2 : from Sven Johnson, captain of Big Shots, Bob K.'s final opponents: "I would like to congratulate Tattoo the Red Eye, and say that they gave us the three best and most fun matches of the season."

Quote #3 : from Chris Buchanan, of the 7th-seeded Mug-winning Flying Aces team: "This is Chris Buchanan, calling for Flying Aces. We won the tournament , and I can NOT believe that you picked against us. What's going on with that?" [You were 7TH!]

Quote #4 : from Craig Coker, captain of the comeback kids of Arrowing Experience: "At the end of the singles legs, the score was Excalibur 9, Arrowing Experience 2. And it looked a bit bleak, I have to admit. However, the fine men from Excalibur, and they really are great guys, forgot one important fact in life - that old age and experience will overcome youth and skill every time. Final score, AE 12, Excalibur 9." [Age beats skill, eh? Sure. - JK]

Quote #5 : from a funny captain worried about verbally stepping on toes: "Disclaimer: none of this can be printed in the newsletter."

TOURNAMENT WINNERS

"A" Division - ***Lunatic Fringe*** *(12-3)*

The Fringe only showed up with five guys in the final, but evidently it was the right five. They didn't even have to play 501 in this one, as Doc Hoffmann's two-bull sealed the deal.

"B" Division - ***Volume of a Cue Ball*** *(14-4)*

The best B division team I've seen since I started in the RDL finished their perfect season in solid fashion, without needing to play any 501 in the tournament. This team, if it had stayed together, would have been a contender in A next season.

"C" Division - ***Horsemen*** *(14-10)*

After tying singles 6-6, the Horsemen dropped two of the doubles crickets to trail 10-6 to the Cheap Shots. The Horsemen came storming back for the 501 sweep though, clinched by a pair of outs by Steve Knight in the final set for the Mugs.

"D" Division - ***Get The Point*** *(14-2)*

Well, I guess I shouldn't be too surprised by this one, since Get The Point did win the division by six matches, but still… It doesn't seem like tourney finals should ever really be butt-whoopins. Anyway, good old BT got the glory dart.

"E" Division - ***Dodge Darts*** *(13-5)*

Clinching their second consecutive Mug run, Dodge Darts had to run through a rather surprising group of opponents - the #7, #6 and #4 seeds! The Dodgers were the #2, and the #1 and #3 were both knocked off. Brent Butler delivered the final shot.

"F" Division - ***One Armed Bandits*** *(13-11)*

The only Mug winners that hadn't already won team plaques this season won in the closest final of the season. A tight win over a team that had replayed their semifinal the night before was sewn up when Brian Vitale popped a double-15.

"G" Division - ***DA Bulls*** *(?-?)*

Maybe the most awaited rematch in the league went to DA Bulls again. After DA Bulls seemingly snuck up and stole their season title, Woody's Gang wanted nothing more than to smack them back. Ginger's T-80 didn't hurt, but it wasn't enough here.

Congrats to the five teams that pulled the season/tourney double! Kind of makes you wonder a little though whether the tourneys are just a little redundant. Exciting for the two upsetters however.

RDL CHALLENGE TEAM ACTION!

Also please see page 5 for important announcements regarding local NCCDL and NCLC teams!!

Another NCLC Season… another Raleigh domination…

The seemingly never-ending reign of the Raleigh Ladies' Challenge Team continued this past weekend, as the Raleigh ladies tagged an impressive victory in the season-ending tournament on to the season title they had already claimed. The ladies sewed up their regular season title with a solid 17-7 victory on the road at Wilmington. That win pushed Raleigh's record to a perfect 8-0, and provided a 3-match cushion in this season's eight week schedule. All of that, of course, led to Raleigh being the top seed from the East heading into the weekend tournament.

Raleigh's weekend started slowly, as a Friday phone call from the captain of the Boone ladies' team carried with it a forfeit, meaning that Raleigh moved directly on to the semifinals. Raleigh's semifinals opponent also advanced due to a forfeit, as Chapel Hill accepted a forfeit victory from last year's West division-winning Asheville team. On the other side of the bracket, Charlotte topped Durham by a 13-7 score, and Piedmont ensured an East vs. West final by downing Wilmington 14-8.

In the semifinals, Piedmont provided the upset of the tournament by squeezing past the West division winners from Charlotte by a 13-11 score. Meanwhile, Raleigh was facing its toughest test of the tourney in a 13-9 win over Chapel Hill, thereby setting up a Sunday finals showdown with the ladies from Piedmont.

When it came time to play for all the marbles, Raleigh once again handily maintained its grasp on the NC Ladies Cup, this time beating Piedmont before the final set had even begun. The 13-5 final may or may not have been a bigger spread than the darts indicated, but the bottom line is that Raleigh will continue next year as the only host the relatively young Ladies' Cup tournament has ever had.

A couple other newsworthy notes: **Connie Austin** popped a T-80 in the tournament, and **Paula Delp** won the East Division singles win percentage award with a 10-1 set record.

At least the NCCDL champion isn't Piedmont this year…

While the story was the same as last year's for the Raleigh ladies, it was also unfortunately similar to last year for the Raleigh men. Going into last weekend's tournament as the East division second seed, the Raleigh men were in a decent position to make a move for the NC Cup.

The weekend started a bit slowly for the Raleigh men, though not as slowly as for the women. Raleigh's first opponent, Lake Norman, had qualified only seven players for the tournament, and the list requires eight to be a full team. And to make matters worse, only six of Lake Norman's seven men were in attendance. Despite being without a couple of the team's better players, Raleigh quickly dispatched Lake Norman by a comfortable 21-7 score. Elsewhere in the first round, Durham (with several RDL members) knocked off two-time defending champion Piedmont, 21-14, while Charlotte beat Morehead City 22-13, and Capital Area (also full of RDL members) lost to Wilmington 22-16 (after Wilmington had won a play-in match in November just to get into the tournament). The East then had 3 of the 4 semifinals teams.

In the semis, Raleigh quickly built a slim lead and rode it all the way to the final section, four-player 701, against Charlotte. With a 17-15 advantage in hand, Raleigh needed to win only one of the two four-player sets. Unfortunately, much like last season, Raleigh lost both sets and was sent packing for another season. In the other semifinal, Wilmington overcame an early deficit to gain a late lead on Durham, and then clinched it with a win in one of the two four-player sets.

On Sunday, Wilmington completed their improbable run from the East division #5 spot by beating Charlotte, once again being delivered to victory by doubles from Bob Gargan, who is arguably the best player in the state right now.

NCLC and NCCDL Announcements!!

From the CADC Ladies' Team:

"CADC Women's Challenge Cup is holding tryouts for any women interested in playing. Call April McCann at (919)212-8152 or Kellee Enos at (919)851-5068 for further information."

From the Raleigh City Team:

While this one isn't a written statement like that from the CADC Ladies' Team, this one might be a bit more urgent. After talking with several members of the Raleigh City Team, it has become readily apparent that the team is in DIRE need of someone who is willing to step forward and accept responsibility for the operation of the team. Tim Lane has taken the job for the majority of the past several years and he is stepping down. Jim Budelman took a turn previously, but his current schedule prevents him from taking the position again. With none of the other team members currently jumping at the opportunity, the situation has come to the point where if someone doesn't step forward, the Raleigh City Team (often referred to as the men's team) will not be scheduled for play in the state league for 2000. So… the guys I've talked to have asked me to request that *anyone* , good darter or bad, who is willing to do the phone calling, the listing, the traveling, etc., please step forward. If you're that person, please call the Voice Mail and I will put you in touch with the right people.

in 301: Joe Kunesh (wk.6).
in cricket: Matt Sawyer (wk.5).

Who beat Ginger Rivenbark of Woody's Gang?
in 301: (none).
in cricket: Paul McSorley (wk.4).

[Congratulations to Ginger for being the first female to claim a division singles title since I started writing the newsletter. Several times people have asked me in the past 'what happens if a woman wins the division?' Well, we're finding out right about now, but I imagine she wins both awards - she did top two different trophy categories after all.]

[And I haven't gone back to check against the old issues, but I think this might have been just about the best cumulative record from the singles winners since I have been writing the Tons - just no low records.]

SOME QUICK STAT TIDBITS FROM DAVE BERRY

"Teams who suck away from home": Not Again! (1-5 away and 6-0 at home, with a 41-point difference in total scored home vs. away), Birds of a Feather (1-5 away and 5-1 at home, with a 20-point difference).

"Teams who play better away": Nine Lives (4-2 away and 2-4 at home), One Armed Bandits (5-1 away and 3-3 at home).

THIS SEASON'S TIEBREAKERS

Kudos to Dave Berry and his alignment of teams this season. Due to the very even level of competition within most of the divisions, we had 29 1001 tiebreakers this season. That is only one less than season, despite a large decrease in number of matches played due to the number of divisions that ended up with seven teams. There were 4 tiebreakers in A division, 4 in B division, 5 in C division, 1 in D division, 7(!) in E division, 3 in F division, and 5 in G division. In addition, there was at least one in the season-ending tournaments, that one being in D division, thus matching its regular season total. Five teams played more than two tiebreakers this season (Friends of the Devil in B division, Horsemen in C division, Birds of a Feather and Dodge Darts in E division, and Woody's Gang in G division) - maybe tiebreakers teach teams how to be tough in the clutch, since four of those five were in their respective tournament finals. Not a single team played as many as four tiebreakers, but there were definite leaders in the clutch dart and heartbreak kids categories. Friends of the Devil certainly know how to hit the out when the heat is on, as they went 3-0 in 1001 games. Meanwhile, Birds of a Feather can only wonder 'what if' as they sit with their 0-3 record in the extra legs.

FALL 1999 PENALTY SUMMARY

As with the past several seasons, the penalty log was included in every weekly issue of the Tons of Newsletter. And as with the seasons before, the log really didn't seem to remind people not to chalk up their share of the penalties. Until the ballot penalties assessed in week 14, there were fewer points deducted than there were last season, but the total was proportional to the number of matches played. However, when the ballot penalties were added, the number ballooned quite a bit. If you care, you can check out exactly who got what penalties and when on page 8, and you can do all of the math to see if any of the penalties cost a team a spot in the standings. Whether the penalty number itself is enough to cost a team a spot, you can't really measure the psychological effect it has on a team in the middle of a season race - and trust me, some teams are affected a great deal. Anyway, here are my normal tabulations of the penalties for your perusal. In total, 27 of the 50 RDL teams were assessed at least one penalty. There were a total of 36 penalties for a total of 235 points and 0 match wins. Unlike last season, we did not have any ineligible players this season, so you guys deserve a little credit for paying more attention this year - congrats. There was 1 Preseason captains' meeting penalty (5 pts.), 11 Fifth Week captains' meeting penalties (5 pts. each), 3 phone-in penalties (5 pts. each), 5 mail-in penalties (16 pts. each), and 16 election ballot penalties (5 pts. Each). On the plus side, only one team was penalized more than twice this season, but they certainly made it count, with all five(!) penalty types for a 36 point total!

BULL CITY DART LEAGUE REGISTRATION

I don't know exactly when the seasons for the Triangle Dart League (Chapel Hill, Thursdays), Tobacco Road Dart League (Durham, Mondays), or the Capital Area Dart Club (Mondays/Thursdays, Raleigh/Cary/RTP) are set to start, or even when the registration for those leagues is. However, I do know when the Bull City Dart League will be cranking up again. So, if you are looking to pick up a second night of darts this Spring, then maybe you should read on and you might pick up something useful.

The BCDL is the handicapped steel-tip league based primarily in Durham/RTP, and is a Tuesday league. The primary registration meeting will take place January 4th, starting at 7:00 p.m., at PJ's Sports Bar. If you can't make that meeting, then rosters and checks will be accepted at any of several blind draws the BCDL is hosting on the coming Tuesdays. For details on those, check out the BCDL webpage at: metalab.unc.edu/ncdarts/bcdl
Or, just call BCDL President John Strobel at 382-7433 or email him at johhnboy@hotmail.com

RDL MEMBERS WIN A COUPLE TITLES

I have a few RDL members to congratulate this time around. In the last week, RDL members have claimed the league title in two different local weekly leagues. **Paula Delp**, **Joel Eason**, **Joe Gaglione**, **Deb Parker**, and **Brian Selby** claimed the tournament crown in the Bull City Dart League; and **Andy Mead** was a member of the Triangle Dart League champions for the some-ridiculous-time in a row (I think it's six, but I'm not sure about that one). Anyway, congrats to all the victors, and thanks for bringing back just a little more glory for the RDL.

THE SIXTH SEMI-ANNUAL EDITION OF : JK'S DIVISIONAL ALL-STAR TEAM PICKS

(Players within each division are listed alphabetically) (Players are chosen any way I damn well please - not purely by the numbers!)
(This is not purely my own guesses at who is simply the best thrower, but also who is important to their team, who is good in the clutch, etc.)

QUICK STAT TIDBITS

-The **Quadruple Double Award** winners (double-digit wins in all four sections): for the first time and only time in 1999, we actually have someone in this category. Admittedly, there was only one division playing fourteen matches this season, thereby decreasing the chances, but it's still cool that only one person did it. And that person is *Steve Hoffmann* of Lunatic Fringe. Steve got picked a few times as well, and he made the most of his chances, actually winning 11 or more in all four sets. Since the other six divisions only played twelve matches, I decided that I would once again recognize all of the players that won double-digits of games in three sets, as well as players who won at least 9 in each set. Amazingly enough, nobody outside of A did one of those either, leaving us with *Tim Lane* (three double-digits AND at least nine in all four sets), *J.D. Dixon* (both also), and *Allen Smith* (three double-digits). The closest to either of those qualifications outside of A was *Phillip Eastmead* , who won 9,11,11,8 in the four sets, in order.

-**IronMan/Woman Award**: This season we had a truly amazing Iron Man performance. One of last year's three tied winners took the award all to himself this year, and he did it commandingly, and he did it in a *twelve-team* division! *Dave Wilser* of the ever-shorthanded Get Over It played an astounding **69** games in a 12-week season. And only 1 of those games was a tiebreaker! Honorable mention for others who led their divisions: Steve Hoffmann of Lunatic Fringe in A with 59, Kirk Herbert of Friends of the Devil in B with 51, Chris Hoyt of Dixie Chickens in C with 54, Kevin Hartley of Starving Dartists in D with 54, Jimmy Marx of Dodge Darts in E with 51, and Steve Tollerton of Fum Duckers in F with 52.

-The **Team Attendance Award** winners: well, there were just no clear-cut winners in this category, so I decided to just pick out my top five (in no particular order): Get Over It in G - five players played almost the entire season, Team Red Eye - six of seven members in 40-54 game range, Last Call in D - very balanced among the six regulars, Dazed and Confused and Arrowing Experience in A - teams with 6 and 7 players, respectively, that play almost equally.

RANDOM RDL THOUGHTS AND ITEMS

--You know… there's no real reason that you couldn't walk over to Billie Churchwell right now, pull out your checkbook and register for the Spring season. That would be one less thing to forget about after New Year's Day.

--Maybe if you see him today (I don't if he can attend or not) or maybe next season, you should tell Dave Berry how much you have appreciated what he has done for the RDL. Most of you will never know how much Dave went through every season to try to ensure the most teams possible with the most individual players matched up to suitable teams as possible. He went through a lot of work and effort, and he caught more flak than was ever deserved.

--As I'm sitting here finishing this Tons of Newsletter, I'm wondering this: how many of you have saved a copy of every newsletter that I've written in my six seasons with RDL. I'll bet there are at least a few of you.

--One of my teammates is moving to Germany in two months. He is a really nice guy and I enjoy hanging out with him a great deal. I'm really going to miss having him at our matches. I don't think I realized how much I enjoy having him around until he told me he was moving. I guess that's kind of the way it goes. Be thankful that you live in a place where you can do things like go hang out and throw darts. And be thankful for your friends, because they won't always be there - that's 2 teammates of mine that have moved since Oct.

--At a recent BCDL captains' meeting, one guy "informed" the Board that if dues was raised one dollar per person that "several teams would quit on the spot!" Of course, I think that 'several teams' meant 'him', but that's beside the point. Are people really that cheap? $20 for four months of my one favorite hobby, complete with weekly newsletter (mailed directly to the captain's home), and a party with free food and drink, and a trophy line big enough to choke a whole family of elephants…. You should feel damn lucky to get so much for so little! [Geez, I feel like this is my 'standing on the soapbox' sermon column.]

--And lastly, I just want to remind everyone that this month is NOT the end of the millenium. December 2000 is. This is just when the first digit of four rolls over like a car speedometer, but it's different - this *will be* the 2000th year A.D.

FALL 1999 BAR RATING RESULTS

Included here are the cumulative averages of each RDL host establishment's ratings from their visiting captains. The Board has taken the individual scores and comments and talked with some bar owners about what needs to be improved, but it is equally important to recognize our establishments that have provided the most excellent accommodations to our members. In any case, here are the result totals for each and every one of our establishments for the past season. The top three of the season receive awards in recognition of their facilities and service.

FALL 1999 SEASON

The establishments were rated in six categories, with possible scores of 1 to 5 in each category. The lowest total possible then is **6**, while the highest total possible is **30**.

Establishment Average

Unfortunately, due to a series of conflicting schedules, I wasn't able to get these results from the person preparing the final scores. I had saved this space in the newsletter, but it's Friday night and it's time to go to the copier and finish this edition. I guess you should just listen during the awards presentations if you want to hear which bars won, and then I'll include full results in an edition of the Tons early next season.

2000 RDL Board Election Results

I wasn't provided with the full vote totals for all RDL members written in on the ballots, but I was given the vote totals for the winning members, along with an assurance that all of these winners secured a clear majority. Without further ado, I present to you your RDL Board for the year 2000.

President: William Holland (incumbent), 140 votes
Vice President: Phillip Eastmead, 150
Secretary: (currently vacant - Connie Austin won this election with 152 votes, but later informed the Board that she was never contacted and couldn't accept the nomination due to work circumstances)
Treasurer: Billie Churchwell (incumbent), 153
Membership: Cathy Moeschet, 146
R&G Director: Brian Selby (incumbent), 153
External Organizations: J.D. Dixon, 109

Next time you see these people, you should offer them a beer or two, or at least let them know how grateful you are that they are willing to give up their free time to make sure that your hobby keeps rolling along without any major glitches. These are often thankless jobs, and you might be surprised how nice it is for these people when they hear that you appreciate what they do.

Results of the vote on best 2-of-3 in singles

Unfortunately, as with the bar rating outcomes, a series of conflicting schedules has again kept me from receiving the results of these votes from the person preparing the final tallies. I had saved this space in the newsletter, but it's Friday night and it's time to go to the copier and finish this edition. I guess maybe an announcement will be made sometime during this banquet, so you should probably keep yours ears open. I'll include the full vote tallies in an edition of the Tons early next season if the Board wants me to do so.

MY PRESEASON & TOURNEY PREDICTION RESULTS

In my tourney predictions, I absolutely kicked butt! Of course, it helped that there weren't any really huge upsets, but I'm still proud of my record this time. I got every game in A, B and F divisions correct, and did well in the others also. In the quarterfinals, I went 18-3. In the semifinals, I went 12-2. Then, in the finals, I went 6-1! I nailed the top four divisions where the top seed, but I also nailed E and F divisions where non-regular season winners prevailed. Unfortunately, I went for a third upset, this time in G, and finally got one of the finals wrong. I'll take a 36-6 record in the tournaments though, especially since I don't repick after the first or second round is finished.

As for my preseason predictions, they were like a tale of two cities. If you read them now, it sounds like I wrote my picks for A, B, C, D and E after the season was over, and I had seen the results. I'm serious - go back and read issue #1 from this season, and you could be a tad amazed. Hell, I was. However, my picks for F and G don't seem like I waited until after the season, they seem like I waited until after my lobotomy. At least my F pick came through for me in the tournament, but in G… could I have gotten that division more wrong? Anyway, I'll be back to try again next season. See you then.

QUOTES OF THE TOURNAMENT

Quote #1 : from Bill White, captain of DA Bulls, the regular season and tournament champions in G division: "Not bad for a team not picked to finish in the top four in the division, eh?" [Yeah, you're right. See the column to the left of this one… - JK]

Quote #2 : from Ginger Rivenbark, captain of Woody's Gang, after her team had won their semifinals match to set up the big showdown with DA Bulls: "Hi, Jason. This is Ginger… captain of Woody's Revenge!" [Hopefully revenge is sweeter when you let the other team win a few in a row and you lull them to sleep.]

Quote #3 : from a captain, who evidently just doesn't like me very much: "Thhhhhpppppppphhhhttttt!!" [And no, it wasn't a 'ha, ha, we topped your prediction' raspberry…]

Quote #4 : from Sven Johnson, captain of One Armed Bandits, the only team from as low as 3rd place to win a set of Mugs this season: "I just want to say that we had a great time playing To The Point and Tattoo the Red Eye. Those were great matches, and we wish them luck in E division. Hopefully, we'll be up with them, as I think we've made a pretty good showing of ourselves." [Good for you! It's refreshing to have teams *want* to move up.]

TONS OF NEWSLETTER

Home to the Spring Session of the Raleigh Dart League; Banquet Edition, Saturday, May 13, 2000

TOURNAMENT WINNERS

"A" Division - ***Lunatic Fringe*** *(14-8)*
After overcoming a 376-point(!) deficit in the second game of their 501 set, Jim Budelman/Don Butman clinched the Mugs when Don popped a double-20. The win finished Fringe's season as the only undefeated team in any division in RDL this season.

"B" Division - ***Excalibur*** *(?-?)*
Just as predicted here in the tournament edition of the Tons, Excalibur awoke from its comatose state to rock through three good opponents in the tournament, and become the only RDL team this season to win a tournament from a #3 seed or lower.

"C" Division - ***Get The Point*** *(?-?)*
It wasn't as ridiculous of an outcome as last season in D division, but Get The Point still finishes off the double again, claiming both the regular season and tournament in C division.

"D" Division - ***Last Call*** *(13-7)*
Last Call's regular season/tournament double was in jeopardy early, as Dodge Darts jumped out to a quick 4-0 lead. The guys of Last Call got on a roll though, and became the only team to beat Dodge Darts twice this season.

"E" Division - ***Home Thrown*** *(14-8)*
At the end of the best three-team race of the season were the top two teams in E, meeting again in the tourney final. Home Thrown jumped to an 8-4 singles lead, stretched it to 12-4, then dropped two doubles to pump up the stress level before ending it.

"F" Division - ***Woody's Gang*** *(13-7)*
Playing against the only team to upset a #1 seed before the finals, Woody's once again used their doubles dominance to put away a close match. The Machine had won a couple tight ones already, but just couldn't match up against the hot-throwing Gangstas.

"G" Division - ***I.N.C.*** *(13-11)*
I don't know if it was the match or the celebration that took so much time, but I know that when captain Clement called this one in at 2:52 a.m., I.N.C. definitely had to feel like they earned this set of Mugs - Get Over It was seriously tough this season.

REGULAR SEASON WINNERS

"A" Division - ***Lunatic Fringe*** *(12 wins, 0 losses)*
2nd place - Industrial Strength

"B" Division - ***Horsemen*** *(9 wins, 3 losses)*
2nd place - Black & Tan

2nd place - Rocking "B" Jiggles

"D" Division - ***Last Call*** *(11 wins, 1 loss)*
2nd place - Dodge Darts

"E" Division - ***Home Thrown*** *(10 wins, 2 losses)*
2nd place - Grateful Darts

"F" Division - ***UZMALL*** *(10 wins, 2 losses)*
2nd place - Woody's Gang

"G" Division - ***Get Over It*** *(10 wins, 2 losses)*

Congrats to the four teams that pulled the season/tourney double! Kind of makes you wonder a little though whether the tourneys are just a little redundant. Exciting for the three upsetters however.

QUOTES OF THE TOURNAMENT

Quote #1 : from Chris Mori, who managed to get timed out by the VoiceMail three times in a row in the tournament, just like during the regular season [normally I wouldn't print this type of quote, but he really made a point of it - repeatedly - so I figure it was said with a purpose]: "I can't believe we had to play at (establishment name withheld)! That place sucked! If any A division team had had to play there, every one of them would have been pissin' and moanin', and whinin' and complainin' about it. They would have all filed protests and grievances and said they wouldn't play there! I don't know why we had to play there! It was a B division tournament match and the place was just bad. I mean it was really bad. And we're in B division. It would have been OK if it was F or D division, but come on, we're in B division! I mean, any A player would have been crying protest as soon as they walked in there and they would have refused to play there." [Then he got cut off, and called back.] "As I was saying, I know that every A player would have refused to play in that place, and they would have been whining and complaining about the place if they did decide to stay. All of the guys said that we should move the match, but I reminded everybody that it's a double-forfeit if we move the match. So we played it there, though I know A teams wouldn't have. I mean, come on, we're in B division…" [Etc., etc., etc., and he called back a third time and said the same type of stuff. All I have to say is that I hope next season in A division changes Chris' opinion of me, my team, and my opponents in A division. Or maybe I guess he'll have to start whinin' and complainin' since he'll be an "A" player. In any case, I'm sure there will be plenty of people looking forward to the matches… And the people in D & F divisions would probably feel the same way, eh? - JK]

Quotes #2 and #3 : from Tony Keller, who was racing to his phone to try to beat Shannon Stewart (who had just knocked off Tony's team in the B final) to the Voicemail: "Jason, Shannon's a liar! Don't listen to him! Horsemen won!" [Pretty funny, but… no dice.] And then he said something that is more true than I think I realized prior to his message: " Do you know the difference between a good match and a great match? It's great when you win and good when you lose."

Quote #4 : from Dawn Clement, captain of the G division tournament champion, I.N.C., who kept it short and sweet: " Print up the Mugs. See you Saturday."

Quote #5 : from Andrew Root, captain of the D division champions, Last Call, who obviously is engulfed in the, uh, finer(?) things in life: "Do you smell-l-l-l-l-l-l-l-l-l-l what Last Call is cooking?!" [I have to say that I'm pretty embarrassed to admit that I knew this was a pro wrestling reference… oh, man… - JK]

Quote #6 : from Ginger Rivenbark, captain of Woody's Gang: "I wanted to let you know that I think Bob Hounsell might have gotten a trophy dart for the high-in. He hit a Ton-60-In tonight, so hopefully that clinched a high-in award." [Sorry, Bob gets an 'Atta-Boy', since the High-In is regular-season-only, unless you stick a 170-In. - JK]

Quote #7 : from Pat Johnson, captain of Home Thrown, and someone who is about to be appreciated a whole bunch more by the members of the RDL Board: " Thanks to everyone who volunteers, for everything that they do. I really want to thank them for their efforts."

Quote #8 : from Joe Wilson, captain of Lunatic Fringe, and probably a guy who will give me some crap about including this one: " It's been fun. It's been a long fifteen seasons with the Fringe. But I don't know that I'll be doing this again. This is my last report. Not ever, because I know what happens when I say ever, but at least for a while. Anyway, here is my last report: 'We're the champions. See you at the banquet.' " [Excellent report, Joe. And just like when you stopped serving on the Board, I think the RDL just lost a bit. Guys who are dedicated, organized AND dependable are rare. - JK] [And, oh yeah… Lord help the next captain of Fringe. The shoes are big…]

[After Ginger Rivenbark won G division last season, I wrote that it was the first time since I started writing the newsletter that a woman had done that. Now Danica Kelso has upped the ante - winning a highly competitive C division. Congratulations to Danica, but unfortunately I suspect that she only wins one singles award (like was given to Ginger last season). Still a great, great season though.]

THIS SEASON'S TIEBREAKERS

After a season in which it seemed that almost every division had at least one tiebreaker every week, we come to this. Five of the seven divisions (all except D and F divisions) had fewer tiebreakers this season than there were last season. The total only went down a few, but it really really did seem like there were a lot less. There were 3 tiebreakers in A division, 1 in B division, 3 in C division, 5 in D division, 5 in E division, 5 in F division, and 4 in G division. In addition, there were at least three in the season-ending tournaments, bringing the overall season+tournament total to 29. Just as with last season, five teams played more than two tiebreakers this season (Dodge Darts (again) in D division, Grateful Darts and One Armed Bandits in E division, UZMALL in F division, and Get Over It in G div.). And again just like last season, it seems that maybe tiebreakers make these teams tough - four of the five finished 1st or 2nd in their division. Only the Dodge Darts and UZMALL played as many as four 1001s, and they both needed to add one in the tourneys to reach that total. And none of those five finished under 0.500, as they had a combined tiebreaker record of 13-4. I don't think it has ever happened in the past half decade that no team lost at least three 1001s in a season. Cool.

SPRING 2000 PENALTY SUMMARY

Every season I include the penalty log in every weekly issue of the Tons, and every season some of you just don't seem to really give a crap that you keep showing up there. There was a ballot again this season, so we had a lot of penalties, with the totals being almost the exact same as last season. Only one team dropped a spot directly due to a penalty (and it didn't cost them a plaque), but there were a couple of 3rd-place teams that were certainly affected by their penalties in their points race for 2nd and how much they poured themselved into the chase. The bottom line is that once again penalties really did make a difference. The number of teams that were penalized dropped significantly, to 20 of the 49 teams (from 27 of the 50 last season), but those 20 chalked up 1.65 penalties per team. There were a total of 33 penalties for a total of 253(!) points and 0 match wins (as there were no ineligible players for the second season in a row - yea!). There was 1 Preseason captains' meeting penalty (5 pts.), 5 Fifth Week captains' meeting penalties (5 pts. each), 6 phone-in penalties (5 pts. each), 8 mail-in penalties (16 pts. each), and 13 special election ballot penalties (5 pts. each). Last season only one team was penalized more than twice, but this season EIGHT teams chalked up at least two penalties. While Broken Arrows of G division led the league in originality, chalking up four distinct types of penalties, Excalibur of B division led the league in penalty points with 37 (on only 3 penalties). All I can say is "pay attention next season".

FALL 2000 RDL SEASON REGISTRATION DATES

Team registration dates: returning teams - July 19, new teams - July 20, 7:30 p.m., Champions Billiards. Preseason captains' meeting is at 7:30 p.m, Aug. 7th, at Champions. Match play starts August 9th.

And yes, I realize that this information is elsewhere in the Tons a couple of times, but I really don't want to lose any teams because they forgot to register. It's one thing to lose a team because they have other things to do every Wednesday, but it sucks when we lose a team because either we or they weren't paying attention.

SUMMER LEAGUE IN DURHAM/RTP (see page 31)

With the time off in the summer for RDL, many darters turn to other Triangle leagues to keep warm over the summer. There are no less than four other leagues across the Triangle, with all but one of them playing in Raleigh or at least RTP. One of the two in Durham/RTP has already started, but the Bull City League hasn't yet.

Bull City Dart League

- Tuesday, Steel-Tip, HANDICAPPED league
- Played primarily in RTP, with some downtown Durham locations

4-6 players per team, $20 per player, registration open through the reg. meeting at 7:00-9:00 p.m, May 23rd, at PJ's Sports Bar For info., call President-elect ME (Jason Kilts) at 477-0684

NEXT SEASON'S CALL-IN PENALTY REMINDER

Don't forget: next season if you mis-add your score of your match, you will be slapped with a 5-point call-in penalty for calling in a score that is incorrect. So, you had better start being a little more careful when your matches have some 'blocker' players in them. There were many mis-added scores this season. I hope there aren't next season.

"HOT DARTS" CALL-IN GUIDELINES

Here are the guidelines you should use when deciding what you should use as your minimum number of all-star points for reporting when you call in your scores.

"A" Division = 4.5 or more ASPs
"B" Division = 4.0 or more ASPs
"C" Division = 3.5 or more ASPs
"D" and "E" Divisions = 3.0 or more ASPs
"F" and "G" Divisions = 2.5 or more ASPs

Also, call in any fast games, high ins, high outs, or other amazing feats that you think warrant a little recognition (e.g., Ins & Outs higher than a Ton, 21-dart cricket games, 18-dart 301s, 24-dart 501s, etc.)

SEASON-LONG TROPHY DART MINIMUM GAMES PLAYED REQUIREMENTS

In order to be eligible for all-star point %-age and singles win %-age awards, you must play in at least 66% of the total projected games this season:

for all Divisions:

All-star pt. %-age: min. of 32 Total Games Played
Singles win %-age: min. of 16 Singles Games Played

Weekly Blind Draws

Please note that some of these blind draws experience sporadic attendance rates. The best policy in all cases is to call the host establishment before heading out to any of these tournaments. The bartenders/owners can probably give you the best indication as to the likelihood of any given tournament being held that night. Many of these are definitely weekly events, but a couple of them aren't…

QUICK STAT TIDBITS

-The **Quadruple Double Award** winners (double-digit wins in all four sections): ever since we've begun having so many 7-team divisions, our number of quad double winners has decreased greatly. So, I've been using lower criteria to determine these people, such as nine wins in three or more sets, or double-digit wins in three or more sets, or something like that. This season I've pulled out nine players that had exceptional seasons in this type of comparison. Leading the way are *Pat Johnson* of Home Thrown, who won 9 or more in all four sections, and *David Arensdorf* of Sharky's Machine, who won 10 or more in three sets (and 8 in the fourth set). Both had incredible seasons. The other seven players, all of whom won at least nine games in at least three different sections are: *Keith Wall* of Lunatic Fringe, *Brian Selby* of Industrial Strength, *Tony Horton* of Excalibur, *David Schuelke* and *Nate Wade* of Last Call, *Dave Wilser* of Get Over It, and *John Keleher* of Madhouse Patients.

-**IronMan/Woman Award**: Well, we didn't get anything ridiculous like Dave Wilser's 69-game season last time around, but we did get a high number of players with more games than their teams had sets. That's kind of worrisome because it means that more and more teams are playing shorthanded more and more often. Bummer. I hope we're not losing players too fast (hint, hint - go out and recruit your friends). Anyway, we have an Iron Man tie this season, as both *John Hurley* of The G Spot and *Matt Moore* of Broken Arrows played 57 games. Honorable mentions from each division are: Brian Selby and Lee Scott of Industrial Strength in A with 51 games each; Shannon Stewart of Excalibur in B with 55; Paula Delp, Gina Oakley and Billie Churchwell, all of Rocking "B" Jiggles in C, with 51; John Howell of Starving Dartists in D with 52; William Holland and Phil Simpson of Grateful Darts, and Bill Stasko of Heroes in Trouble in E with 50; and Bob Carawon of Fum Duckers in F with 54. In addition, there were two more players in F division and four more in G div. that all played 52 or more games and didn't lead their divisions (in a 48-set season!).

-The **Team Attendance Award** winners: once again, I have picked out five teams that were the clear leaders in this category to me. They are: Industrial Strength in A division - five players played every set and the sixth only missed two weeks; Black & Tan in B - all seven players played between 36 and 47 games; Stop Drop and Throw in B - all eight(!) players played between 33 and 40 games; Rocking "B" Jiggles in C - of the primary six players, three played 43 games and the other three all played exactly 51; and I.N.C. in G division - seven players, all in the 37-43 game range.

MY IN-SEASON, PRESEASON & TOURNEY PREDICTION RESULTS

I really cranked up the number of picks to try to include everybody (or at least those that wanted to be included…), so I got a very good sampling this season. I went 187-76, for a correct pick rate of 71.1%. Not too bad.

My tournament predictions went pretty well, too. I got the winners of the top five divisions all correct, and averaged less than one wrong team in those five division brackets. I didn't get the winners of F and G, but I did have both of those teams in their respective finals. High points of my tournament picks would certainly include: Nil Is Agom in the A final, Excalibur winning the B Mugs, Cheap Shots as a dark horse in C, and Not Again! going to 1001 with the Dodgers.

As for my preseason predictions, I didn't do too badly. I pretty much nailed A and B divisions (though it took the tournament to make my B pick fully come true). I called C for the most part, with the exception being that I didn't recognize the emergence of the ladies and their run for the second place plaques. I picked the second place D team rather than Last Call, but that's still pretty close. I went with the upset in E and One Armed Bandits, but the pair of teams that I said they would have to sneak past did indeed finish 1-2. I called UZMALL my dark horse in F, mainly because they have embarrassed me before, but they pulled it out this time. And finally, I picked the G winner to finish second instead of first. In general, I feel pretty good about those. Good enough to do it all again next season at least.

VOLUNTEERS? ANYONE?

Every season the members of the RDL Board end up looking for league members who are willing to volunteer for one of a few rather simple duties. I'm putting in print right here, so now you can't say "I didn't know they needed any help". The primary things the Board needs help with each season are the following:

Transport/setup of stanchions at the banquet (they actually pay this person!)
Breakdown of the stanchions at the banquet
People to serve on the Rules Committee
People to help plan and organize the banquet
… and a bunch of other little crap…

Interested in helping out without the responsibility of a Board position? Maybe you should hunt down the Board member that is probably standing somewhere near you right now and tell them that you would like to help. They would appreciate it, and so would your fellow darters. After all, somebody has to do each thing - and if you've never been the one doing it, then somebody else has always done it for you, and it's probably now your turn.

RANDOM RDL THOUGHTS AND ITEMS

--You know… there's no real reason that you couldn't walk over to Billie Churchwell right now, pull out your checkbook and register for the Fall season. That would be one less thing to forget about over the summer. Sure, you say "I don't know what I'll be doing in a few months". But you know as well as we do that you will be right back here throwing. So eliminate the summer worry and take care of it now.

--Congratulations to PJ's Sports Bar. Though it didn't finish first in the bar ratings this season, it did finish second, thereby maintaining its streak of having placed in the top three in every season that we have given out the award. It's my home bar so maybe I'm biased, but I prefer to say that it IS my home bar because it's a great place for darts. You should come visit sometime if you've never seen it.

--And congratulations to Pat Crowley (Comfortably Numb in B) and David Arensdorf (Sharky's Machine in F) for pulling off the double win of both singles and all-star percentage in their divisions.

--Hey! Wanna win a singles win percentage trophy in C division? Then I recommend that you lose one of your first singles games to Randy Warren. For the past couple seasons, I noticed that Randy is always the first person to beat the eventual winner. Strange, eh?

--My team came within one 'out' shot of beating Fringe. Had we done that, my team would have split wins/losses with EVERY team in our division, from first to last. I have *never* heard of that happening before. Have any of you?

--I've also never heard of this happening before, and especially not in the A div. final. In the final game needed in the A championship, Stef Bogaerts/Keith Gibbs reached 8 remaining when Jim Budelman/ Don Butman were at 384. A few turns of wiring out the double, combined with a few good turns by Jim/Don, and finally a first-dart double by Don, and POOF! The 376-point lead was just gone. Stef said he was so stunned he just stood there for a couple minutes.

--Ya know… despite repeated notice all over the newsletter… as well as on the VoiceMail outgoing message, some captains still do not turn in their tourney match scores when they win. Oh well.

--Ok, so who is it going to be? Who is going to be the new "most dependable" captain in RDL? With Joe Wilson relinquishing his captaining duties of Lunatic Fringe, the spot is now vacant. I can think of plenty of good candidates who are excellent *most* of the time, but we're talking clockwork here folks. Good luck to you captain wanna-be's… you're going to need it.

SPRING 2000 BAR RATING RESULTS

Included here are the cumulative averages of each RDL host establishment's ratings from their visiting captains. The Board has taken the individual scores and comments and talked with some bar owners about what needs to be improved, but it is equally important to recognize our establishments that have provided the most excellent accommodations to our members. In any case, here are the average totals for each and every one of our establishments for the past season. The top three of the season receive awards in recognition of their facilities and service.

SPRING 2000 SEASON

The establishments were rated in six categories, with possible scores of 1 to 5 in each category. The lowest total possible then is **6**, while the highest total possible is **30**.

Establishment	Average	
Tailgaters	28.333

--For those of you who are wondering: yes, your comments on your scoresheet bar ratings are passed on to the Board. Unless, of course, you have written something either illegible or stupid.

--The guys of Tattoo the Red Eye crack me up. You should read the stuff they write about each other in their emails. Sometimes I laugh out loud. If you get a chance, ask Mike Crolla what he did with his birthday sushi, or maybe about their "run for the Mugs". I hope my team has as much fun as they seem to be having.

--Kudos to those Red Eyes and also to the Damned Yankees. Those two teams were the only teams lower than a #5 seed to survive the first round of their tournaments.

--I was going to put a picture right about here on this page, as evidence of what real friends do for you after a weekend Challenge match, but I decided that some people might be offended. Let me just say that even Tattoo the Red Eye would be hard-pressed to have more fun than the Durham City team has been having lately.

--And one last thing: if pro basketball players are supposed to be the best at their sport, why don't we let them play any damn defense that they want to use? Let 'em use the zone. I'm tired of seeing the three-man clear-out followed by a pick&roll every play.

NORTH CAROLINA CITY DART LEAGUE (NCCDL) MATCH RESULTS SUMMARIES

Yes, it's true - Raleigh no longer has a City League team. Well, there isn't an RDL-sponsored City Team, at least. There are, however, a bunch of RDL members playing for other teams around the Triangle. I will, therefore, update the record accordingly every so often, and now seems to be as good of a time as any.

--*Capital Area City Team*: The CADC team is full of RDL members, and has played four matches already. In their first match of the season, the CADC team traveled to Kernersville to play the Piedmont men. After a quick 6-2 lead was piled up in singles 301, CADC also pulled a 6-2 advantage in singles cricket. Piedmont wasn't done, however, and took three of the four doubles 501s to get within 14-10. Another 6-2 win in doubles cricket gave CADC the match win, and a split of the four-player sets provided the final score of 23-15. RDL members playing for CADC were: Kevin Barton (2-1), Will Benson (2-2), Scott Butters (2-0), Kevin Coyne (0-1), Joel Eason (0-3), Phillip Eastmead (5-0), Keith Gibbs (1-2), Chuck Greer (2-1), Somchai Samaluk (3-0), Lee Scott (0-3), Brian Selby (2-1), Donnie Simpson (2-1), and Billy West (3-1, 152-In).

CADC's second match was a road trip to Boone. Another 6-2 lead after singles 301 set the stage for Capital Area. A 5-3 advantage in singles cricket kept them a point off the pace of their first match, but they also prevailed in 501 by a 6-2 score. With a 17-7 lead, CADC chalked up only one of the four doubles cricket, so the match was still in question heading into the four-player sets. A split there, though, gave CADC a 2-match win streak to start the 2000 season, this time by a final of 22-16. RDL members playing in this match for CADC were: Will Benson (2-3), Scott Butters (3-2), Kevin Coyne (0-2), Joel Eason (3-2), Keith Gibbs (3-2), Chuck Greer (4-1), William Holland (1-2), Brian Selby (4-1), and Donnie Simpson (3-2).

CADC's third match was their first home match of the season, as they hosted Asheville. I haven't received that scoresheet yet, so I can't give you the specifics, but I can tell you that Capital Area won again, pushing their 2000 record to 3-0.

Just last weekend, CADC played their fourth match, this time at home against the defending NC Cup Champions from Wilmington. Unlike previous matches this season, Capital Area opened this one up down by a 6-2 score in 301. Needing a quick turn-around in SCkt, CADC unfortunately only mustered three of the eight points in the set, therefore trailing 11-5. CADC claimed the last three sets of 501 then, by taking the third game in each set, and thus moved within 13-11. Wilmington then ensured itself of no worse than a tiebreaker though by taking three of the four doubles crickets. Needing both four-player 701 sets to force a tiebreaker, CADC won exactly zero of them. The 25-13 win for Wilmington dropped CADC to 3-1, and put a (hopefully) momentary dent in their plans for the regular season title. RDL members playing for CADC were: Kevin Barton (4-1), Will Benson (1-2), Scott Butters (1-2), Joel Eason (1-2), Phillip Eastmead (1-2), Keith Gibbs (2-3), Chuck Greer (1-3), Somchai Samaluk (0-5), Brian Selby (2-3, two T-80s), and Donnie Simpson (0-4).

--*Durham City Team*: The Durham team also has several RDL league members on its roster, so we'll run through that team's results here too. Durham's first match was at home against local rival Chapel Hill. In this one, Durham jumped on their opponents early and often. Durham claimed all five sets, by scores of 7-1, 6-2, 6-2, 8-0 and 6-0, for a final match score of 33-5. RDL members playing for Durham were: Stef Bogaerts (4-0), Tom Brown (5-0), J.D. Dixon (4-0), Dale Hyler (3-0), Doug Jeffcoat (2-1), Jason Kilts (1-0), Joe Kipping (3-0), Kurt Kunttu (2-0), Andy Mead (2-0), K.C. Ramser (2-1), and Wil Tan (1-1).

Durham followed up their shellacking of Chapel Hill with another strong showing, this time against Lake Norman. Durham won the five sets in this match by the scores of 5-3, 7-1, 8-0, 6-2 and 6-0, for a final score of 32-6, and a 2-0 match record for Durham. RDL members playing for Durham included: Stef Bogaerts (5-0), Tom Brown (5-0), J.D. Dixon (3-1), Dale Hyler (3-0), Doug Jeffcoat (3-0), Jason Kilts (1-0, T80), Joe Kipping (2-2, T80), Kurt Kunttu (1-2, 149-Out), K.C. Ramser (2-0), Wil Tan (3-0, 9m), & Keith Wall (3-1).

Durham's first major test of the year came in April when the team traveled to Charlotte to take on last year's West Division winners. The first set was split 4-4, and was highlighted by Stef Bogaerts' 10-dart 301 in which he threw a perfect six-dart string of d16,t20, t20,t20,t19,d16 to win. Durham stepped out to a slight lead with a 5-3 claiming of singles cricket. The match turned, however, in 501, as Durham swept the set 8-0 to achieve a 17-7 lead. Charlotte did not just roll over though, and they fought back for a 6-2 advantage in doubles cricket to push the match into 701. After Charlotte claimed the first foursome to move the score to 19-16, Keith Wall delivered the decisive double, and Durham moved to 3-0 for the season with a very important 22-16 win. RDL members playing for Durham included: Stef Bogaerts (4-1, T77), Tom Brown (3-2, 9m), J.D. Dixon (4-1), Dale Hyler (1-2), Doug Jeffcoat (1-3), Joe Kipping (0-3), Kurt Kunttu (3-0), Wil Tan (4-1), and Keith Wall (3-2).

Durham's most recent match was a trip to Kernersville last weekend, and was very close for a little over half of the match. Durham grabbed a 5-3 edge in each of the singles sets to set up a 10-6. Piedmont won two of the first three 501 sets to pull within 12-10, but then Durham won the next 13 points of the match, thus providing the final score of 25-13 in favor of Durham. The win moved the team to 4-0 and maintained first place in the state for the team. RDL members playing for Durham against Piedmont were: Stef Bogaerts (3-1), Tom Brown (3-2), Don Butman (2-1), J.D. Dixon (4-1, 120-Out), Dale Hyler (3-0, T71), Doug Jeffcoat (1-1), Jason Kilts (1-0), Joe Kipping (1-2), Kurt Kunttu (2-1), Todd Lemons (2-1), K.C. Ramser (0-1), Wil Tan (2-0), & Keith Wall (0-2).

TOURNAMENT WINNERS

"A" Division - ***Industrial Strength*** *(13-11)*
Finally, I picked a team to knock off The Dilligaffs and it actually happened, but not before a great battle down to the final set of 501 with Phillip Eastmead delivering the final double. And for the first time in 11 seasons, Fringe goes with no team awards.

"B" Division - ***D. V. Needed*** *(14-8)*
Billie's gang put on probably the second most dominant run in the division tournaments this season and will be a solid A team if they stay together. Joe Futima, after tossing his 2nd 180 in as many weeks clinched it with a cool 118-Out in 501.

"C" Division - ***Breakers Chunkers*** *(14-8)*
All season I wrote that the Chunkers could beat any team in the division, and now they've proved it. Even if it did catch captain Fritz offguard. Surprisingly, their toughest match was their semi-final tiebreaker against the #7 tournament seed.

"D" Division - ***Grateful Darts*** *(13-12)*
As William Holland tells it, the Gratefuls have been in nearly a couple dozen tournament finals in their existence, and have won only a couple times. Well, I guess they were due, and to make it interesting, they used two tiebreakers along the way to their Mugs.

"E" Division - ***Trip Tight*** *(13-5)*
Well, Trip Tight doesn't turn in their tournament scores most of the time, so I really don't know how their road to the final went, but they rolled pretty fiercely in the finals. With the possible exception of the F winner, they were the only winner to avoid 501.

"F" Division - ***Bulls Hitters*** *(?-?)*
After surviving a very close match with DA Bulls in the semis, the Bulls Hitters were probably a bit surprised to not find I.N.C. awaiting them. Instead a tough battle with Sharky's Machine ensued in the final with the #2 seed prevailing by an unknown score.

"G" Division - ***Madhouse Patients*** *(13-7)*
I said that Madhouse Patients would win this because they won pretty much everything all season. They proved me right. Kudos to Deck Hashers and Point Break for taking their matches into 501.

REGULAR SEASON WINNERS

"A" Division - ***The Dilligaffs*** *(12 wins, 0 losses)*
2nd place - Industrial Strength

"B" Division - ***Dirty Dogs*** *(11 wins, 1 loss)*
2nd place - D. V. Needed

"C" Division - ***Last Call*** *(10 wins, 4 losses)*
2nd place - Double-1

"D" Division - ***Starving Dartists*** *(9 wins, 5 losses)*
2nd place - Nine Lives

"E" Division - ***Dart Dawgz*** *(9 wins, 3 losses)*
2nd place - UZMALL

"F" Division - ***I.N.C.*** *(9 wins, 3 losses)*
2nd place - Bulls Hitters

"G" Division - ***Madhouse Patients*** *(14 wins, 0 losses)*
2nd place - G. D. Goldeneyes

(Rosters of all tournament-winning and regular season first place teams can be found on page 4.)

Only one team could pull off the season/tourney double this time! Congrats to Madhouse Patients, but I'm glad to see some non-division winners claim Mugs - makes the tourneys seem worthwhile again…

QUOTES OF THE TOURNAMENT

Quote #1 : from Dick Cummings, captain of Bulls Hitters: "We defeated the Sharky's Machine last night. I'm not sure what the score is, I'm not feeling real well, and I'll see you at the Warehouse on Sunday. See you then." [Oh great, the sick captain is looking forward to seeing me… I hope you feel better by Sunday, Dick. - JK]

Quote #2 : from Lance Robinson, captain of Madhouse Patients: "Hey, this is Lance from Madhouse Patients, and finally I don't have to call this number ever again." [Geez Lance, I've been anticipating your weekly call so much all season and here I find that you dread it! And I hope that you're not going to be captain next season, or that isn't much confidence you have in your team's F div. chances. - JK]

Quote #3 : from Fritz Herman, captain of Breakers Chunkers: "Jason, it's Fritz Herman, and I can't believe I'm calling you, but damn if I'm not… Nothing exciting happened really, but we swept doubles cricket, and believe it or not we won over Last Call, the first place team in the damn division." [Nothing exciting, huh? - JK]

ONE SCORESHEET IS MISSING…

Sorry everybody, but this season we didn't get all of the statistics in the final newsletter. We had one week 14 scoresheet never arrive. Repeated efforts to get a fax or mailed copy didn't work, and calls to the losing team were made too late as the only two members of the losing team that could have gotten the scoresheet were in Europe. So C division just comes up one short this season. The missing set of statistics didn't affect the singles win percentage or all-star average awards, but it did make two teams' statistics finish incomplete. Oh well… we'll get 'em all next season.

ADO PLAYOFF SITES AND CALENDAR

For all those of you who are interested, there are a couple of notes that you might need to know about the new calendar for the ADO. The ADO has scrapped the April-March format for their annual calendar and has returned to the traditional January-December format. Plus, in order to increase awareness and interest in the ADO playoff systems, they have decided to change some of the venues that will be hosting the national playoff events. This is most important to the readers of this newsletter in that the 2001 ADO Masters will be held in conjunction with the Charlotte Open in the first weekend in April. So, if you think you might want to hit some of the regional qualifiers, maybe the Masters is a logical choice since the nationals will be so close to home.

THE IMPENDING ARRIVAL…

If for some reason you look around the banquet today and you don't see me, it's possible that I'm heading off to Duke Hospital. My wife is due with our second son in the next two weeks, and he's already big, so it could be any time… For the record, his name will be Tanner.

BEST SHOTS OF THE TOURNAMENT

Well, now this is tough… Three weeks of matches, lots of good reports, so many to choose from… What was the best shot….? Was it *Keith Wall* of Lunatic Fringe tossing a 14-dart SCkt just to prove that his TWO regular season 17-darters weren't flukes? Nope. Was it *Joel Eason* throwing an 11-dart 301 & a 12-dart 301 in the same set? Nope. Was it *Joe Futima* winning the Mugs for D. V. Needed with a 118-Out (in addition to his two 180s)? Damn good, but nope. Was it *Kevin Hubbard* popping a 75-out in 1001 to end Point Break's six and a half hour win in the quarters? Classy finish, but nope. How about whoever hit the out for Grateful Darts in 1001 to win the Mugs? Maybe, but I don't know who threw it from what score. That leaves… *Chris Gilbert* of Dart Shadows and his absolutely beautiful 161-Out of triple-19, triple-18, double-bull, prompting a pretty good-sized grunt from the normally staid Gilbert. The only problem was that Chris actually had 163 left, so he really left… 2. DOH!!!!!! Maybe the shot of the tournament should be the double-1 he threw with the first dart of his next turn…

SEASON-LONG TROPHY DART MINIMUM GAMES PLAYED REQUIREMENTS

In order to be eligible for all-star point %-age and singles win %-age awards, you must play in at least 66% of the total projected games this season:

for "A", "B", "E" and "F" Divisions:
All-star pt. %-age: min. of 32 Total Games Played
Singles win %-age: min. of 16 Singles Games Played

for "C", "D" and "G" Divisions:
All-star pt. %-age: min. of 37 Total Games Played
Singles win %-age: min. of 19 Singles Games Played

THIS SEASON'S TIEBREAKERS

I don't know if it's really a measure of whether or not the divisions are becoming less competitive (personally I think the opposite is true), but for the second consecutive season the number of tiebreakers has decreased. This despite the fact that we had 45 more matches played this year with the addition of an eighth team in 3 divisions. We had a total of only 22 regular season tiebreakers and 4 tournament tiebreakers. There were 2 in A, 3 in B, 5 in C (1 in the tourney), 8 in D (2 in the tourney), 2 in E, 2 in F, and 4 in G (1 in the tourney). For the third straight season, there were exactly five teams that played more than two tiebreakers: Diddler's Choice and Double-1 in C division, Home Thrown and Grateful Darts (2nd season in a row) in D division, and Dart Attack in G division. The two D division teams were the only ones with 4 1001 games, and their regular season 1001 losses effectively cost each of them the division title. The Grateful Darts built on that 1001 experience of 0-2 in the regular season though, winning a pair of 1001s in the tournament on their way to the Mugs. Diddler's Choice is this season's heartbreak award winner, playing in 3 1001 games, and losing all of them including a tournament semifinal to eventual winner Breakers Chunkers. Oh for the want of just one more double…

FALL 2000 PENALTY SUMMARY

I have only one thing to say here: HOLY CRAP! WHAT ARE ALL OF YOU DOING!?!? Oh… my… lord… you didn't just get a lot of penalties this season, you guys broke every penalty record I've ever encountered! Yes, there were two ballots this season, and yes, I've begun cracking down on incorrect phone messages, but neither of those can possibly explain the type of increase that we had this season. We had **70** penalties doled out this season, to 32 of the 52 teams. There was 1 Preseason Captains' Meeting Penalty (5 pts.), 13 Fifth Week Captains' Meeting Penalties (5 pts. each), 13 Election Ballot Penalties (5 pts. each), 14 Run-Off Election Ballot Penalties (5 pts. each), 1 Ineligible Player Penalty (8 pts.), 11 Phone-In Penalties (5 pts. each), and 17 Mail-In Penalties (16 pts. each), for a total of an incredible **540(!)** points in penalty losses. There was an amazing **9** teams that chalked up three or more penalties in the season, with new records for my tenure being set by Dart Attack of G div. with **7** penalties for a total of **68** points lost (that's more than they ended up with for the season!); they'll have to try harder next season though, as they only got a penalty in 5 of the 7 different penalty categories this season… Usually it's at about this spot in the column that I point out all the teams that cost themselves a place or two in the standings, but there are so many that I'll just pick out two of the most costly - how about Nine Lives dropping to 2nd in D & One-Armed Bandits dropping to 3rd in E? Ouch.

SPRING 2001 RDL SEASON REGISTRATION DATES

Team registration dates: returning teams - January 3, new teams - January 4, 7:30 p.m., Champions Billiards. Preseason captains' meeting is at 7:00 p.m, January 22nd, at Champions. Match play starts January 24th.

And yes, I realize that this information is elsewhere in the Tons a couple of times, but I really don't want to lose any teams because they forgot to register. It's one thing to lose a team because they have other things to do every Wednesday, but it sucks when we lose a team because either we or they weren't paying attention.

DON'T FORGET - RDL PAYMENT INFORMATION

TREASURER KEVIN COYNE WILL FOLLOW THE PRECEDENT SET BY BILLIE CHURCHWELL & HE WON'T ACCEPT CASH FOR REGISTRATION, NEWSLETTER, ETC.! BRING A CHECK! AND DON'T BOUNCE A CHECK TO RDL - THAT WILL COST YOU AN EXTRA $20 FEE! YOU HAVE AGAIN BEEN FOREWARNED, AND KEVIN DOESN'T WANT TO HEAR YOUR SOB STORY AT REGISTRATION. IT'S NOT FAIR TO KEVIN TO HAVE CARRY AROUND YOUR CASH… SO HE WON'T BE.

OTHER SPRING LEAGUES IN DURHAM/RTP

I've seen some of you guys play, and trust me you could use some more practice. There's no guarantee that it will work (see my game as an example), but playing in another league or two often raises a player's ability level. There are no less than four other leagues across the Triangle, with all but one of them playing in Raleigh or at least RTP. Two of those leagues have registration and the start of the next season coming up in the near future. Maybe you should grab a few friends and check one out; or just come as a single and see if any teams are looking to add one…

OUTGOING OFFICERS FROM 2000

Well, William Holland is still President, Michelle Gaffney is still Secretary, and Cathy Moeschet is still Membership Director. Plus, Brian Selby has merely switched jobs to Vice President from his previous post of Rules & Grievances Director. If you see these people, thank them for their past and future efforts on behalf of you and your dart league. But let's not forget either Phillip Eastmead or Billie Churchwell, the outgoing Vice President and Treasurer, respectively; these two did a great deal of work on your behalf also, and deserve your thanks…

Due to space limitations (from all of your penalties!), I had to move these items over here. 'Game minimums' are elsewhere…

QUICK STAT TIDBITS

-The **Quadruple Double Award** winners (double-digit wins in all four sections): ever since we've begun having so many 7-team divisions, our number of quad double winners is still decreasing. We did get one this season in one of our eight-team divisions, and that's *Nate Wade* of Last Call. Very nice. I've pulled out a dozen other players that also had exceptional seasons, in a couple different categories. After Nate come *Jim Davis* of Dirty Dogs, *Bob James* of Breakers Chunkers, *Mike Knox* of I.N.C., and *Lance Robinson* , *Mike Bennett* , *Ron Penny* , and *John Cox* , all of Madhouse Patients; each of these 7 players chalked up three sets with double-digit wins. Next would be *Jerry Oakley* of D. V. Needed and *Kris Kilsdonk* of Dart Dawgz, who won 9 or more in each of the four sets. Finally, there are *Paula Delp* of D. V. Needed, *J.J. Yoneoka* of Travelin' Beer Bellies, and *William Holland* of Grateful Darts, each with 9 or more wins in at least three of the four sets. Congrats to all 13 of you.

-**IronMan/Woman Award**: The top three games played totals are all in G div., so *Fulton Crowley* of Point Break and his 63 games just barely outlast the 62 of *Matt Moore* and *Jason Nagy* of Dart Attack. Crowley played 7 games over the 4-per-match number, and didn't even have the benefit of a 1001 game to add to his total, so he is a true Iron Man for this season. Honorable mentions in 8-team divisions: Phil Brown of Diddler's Choice in C with 59, and four players in D with 58 games, Sarge Smith of Rat Bar Stewards, J.J. Yoneoka of Travelin' Beer Bellies, William Holland of Grateful Darts, and Craig Griffin of Smackdown. Honorable mentions in 7-team divisions: Craig Cashwell of Dart Shadows in A with 50, Paula Delp of D. V. Needed in B with 50, Britt Campbell of B. B. & the Pimps in E with 51, and Tom Gross of Sharky's Machine in F with 52.

-The **Team Attendance Award** winners: there weren't any teams that were clear sets of six players that played every set or anything like that, but I have picked out 9 pretty decent examples of tight teams that all play all the time: Industrial Strength in A had 7 players in the 32-41 games played range; The Dilligaffs in A had 7 players in the 39-45 games range; Damage, Inc. in B had its 7 most active players within four games played of each other; Double-1 in C had all 7 of its players play at least 45 games; until Murdaugh showed up, Home Thrown's 6 others all played almost the exact same amount; Smackdown in D had its 6 most active players all play 47-58 games; E div. winner Dart Dawgz had 6 of its 7 play 39-48 games; I.N.C. in F had 7 players, all with 33-47 games played; and The Yankees in G had all but 1 player with 44+ games.

MY IN-SEASON, PRESEASON & TOURNEY PREDICTION RESULTS

I continued my relatively new system of picking all matches (except for those involving Arrowing Experience) this season, and came up with a moderate record of 185-111 this season for about a 63% success rate. That's quite a bit lower than last season's 71% rate. Yuck.

In the tournaments, I once again pumped it up and hit a whole bunch of the winners, despite the fact that an early loss for one of my picks can mean two or three wrong picks due to picks in the later rounds. I went 35-11 and quite a few of those wrong picks are the same team being an incorrect pick more than once when they lost in the first round. I hit five of the seven winners, got the entire A bracket correct, and was a single pick away in the B, D, and F sets.

My preseason picks, considering that they are done before teams really even settle on their final rosters, turned out great. My A pick finished third, but I almost got the tournament winner. My B prediction was dead on, right down into the tournament. In C, not only did I pick Last Call, but I said they would have to outduel Double-1 along the way. I couldn't pick in D, as I thought that there were four teams that were just too close to call - as it turned out, those four teams finished within one match and a grand total of 7 points from each other. My E pick mentioning Dynamic Darts must have been a typo, right? It should have read Dart Dawgz, right? I had Trip Tight and Bandits right there with them at least. I was close on my assessment of many F teams, except for one… eventual season winner I.N.C. Doh! And while the race in G ended up as a wider separation than I expected, I picked not only the season winner, but also the 2nd place team. Not too bad. I'm satisfied with those…

VOLUNTEERS? ANYONE?

Every season the members of the RDL Board end up looking for league members who are willing to volunteer for one of a few rather simple duties. I'm putting in print right here, so now you can't say "I didn't know they needed any help". The primary things the Board needs help with each season are the following:

Transport/setup of stanchions at the banquet (they actually pay this person!)
Breakdown of the stanchions at the banquet
People to serve on the Rules Committee
People to help plan and organize the banquet
… and a bunch of other little crap…

Interested in helping out without the responsibility of a Board position? Maybe you should hunt down the Board member that is probably standing somewhere near you right now and tell them that you would like to help. They would appreciate it, and so would your fellow darters. After all, somebody has to do each thing - and if you've never been the one doing it, then somebody else has always done it for you, and it's probably now your turn.

SHORT SUMMARIES OF NC CITY DART LEAGUE and NC LADIES' CUP TOURNAMENT RESULTS ON PAGE 11

NC City Dart League - …new king has heavy RDL bloodlines…

Last weekend's NCCDL tournament provided some incredibly exciting moments, and many of them were provided by RDL members. In the quarterfinals, relatively easy wins were posted by Charlotte and Durham. Wilmington went to the final set, but closed out a tough Piedmont team; and the best match of the round was clearly the Jacksonville-Capital Area match. Capital Area featured RDL members **Kevin Barton**, **Will Benson**, **Kevin Coyne**, **Joel Eason**, **Keith Gibbs**, **Chuck Greer**, **Somchai Samaluk**, captain **Brian Selby**, and **Donnie Simpson**. The match lead changed hands or became tied several times, and was finally finished when Greer popped a beautiful 96-Out when Jacksonville missed three turns at the double.

In the semifinals, the Capital Area squad drew the top seeded team from Charlotte and fought valiantly. They managed to push the match into the fifth and final set (four-player 701), but the depth of Charlotte just proved to be too much. On the other side of the room, the Durham team took on Wilmington. Durham featured RDL members **Stef Bogaerts**, **Tom Brown**, **Dale Hyler**, **Doug Jeffcoat**, captain **Jason Kilts**, **Todd Lemons**, **Wil Tan**, and **Keith Wall**. After falling behind 4-0 and then 6-2, Durham fought back with 6 of the 8 singles crickets against the defending Cup champions and hosts. Back and forth the match went in the two doubles sets, with no less than SEVEN perfect throws being tossed. Durham claimed the first set of four-player 701, but Wilmington claimed the second, thereby forcing one game of eight-player 1001 for the match. After arguably the toughest four man string in the state (Bob Gargan, Brian Blake, Tracy Gray, Johnny Brendell) missed the double for Wilmington, Hyler delivered a pure double-20 to send Durham to the final. In the final, it was all Durham as the Cup was brought back to the Triangle when Brown clinched the winner in doubles cricket with a first-dart double-bull.

NC Ladies' Cup - …and then all was right with the world…

I don't have the scoresheets yet, so I'm a bit short on the specifics for now, but here's what we know: 1) Raleigh didn't finish first in the regular season, 2) hell indeed may have frozen over, 3) Raleigh made things right with a romping victory in the tournament to keep the Cup right here in Raleigh, and 4) hell has probably re-thawed. Raleigh members qualified to play were: **Jan Adams**, **Connie Austin**, **Britt Campbell**, **Billie Churchwell**, **Paula Delp**, **Michelle Gaffney**, **Danica Kelso**, and **Kris Kilsdonk**. [p.s. Check out Delp's high out!]

FALL 2000 BAR RATING RESULTS

Included here are the cumulative averages of each RDL host establishment's ratings from their visiting captains. The Board has taken the individual scores and comments and talked with some bar owners about what needs to be improved, but it is equally important to recognize our establishments that have provided the most excellent accommodations to our members. In any case, here are the average totals for each and every one of our establishments for the past season. The top three of the season receive awards in recognition of their facilities and service.

FALL 2000 SEASON

The establishments were rated in six categories, with possible scores of 1 to 5 in each category. The lowest total possible then is **6**, while the highest total possible is **30**.

RANDOM RDL THOUGHTS AND ITEMS

--This probably shouldn't need to be said, but since I witnessed it recently, I guess it does: YOU SHOULD NEVER THROW YOUR DARTS AT ANYTHING BUT THE DART BOARD. Really people, recognize the fact that we play with weapons…

--Only ONE of the seven regular season division-winning teams won its tournament. Is the two-of-three format really that distinct from the one-game format? Or was that just a fluke? Usually, several teams win both…

--This is the last page that I'm finishing and it's Saturday night before the banquet. I just heard that my alma mater (Michigan, which is evidently solely a football school now) lost to Duke 104-61 today. Pretty bad, but not as bad as the 34-2 start that the Dukies hung on them in the game. Yikes.

--This just in! The members of The Dilligaffs are really all from Florida and have demanded a recount of the score of their finals match with Industrial Strength. Industrial captain Brian Selby has already filed a court action to stop the recount, claiming that it wasn't "chads" that were hanging out during the match…

--Does anybody realize how impressive Jerry Oakley's singles win streak is? 23 games in a row right now, and he doesn't sit out any 301 sets or anything like that to protect his record. Sure, he's in B and not A, but there are some serious throwers in B. Fantastic.

--Happy holidays, everybody. Drive safe, be smart, and we'll see all of you back here to do it all again next season. Until then…

TOURNAMENT WINNERS

"A" Division - ***Industrial Strength*** *(14-6)*
Industrial Strength becomes the first non-Fringe team since Pig Tour '95 in the Spring 1995 season to pull off the A division double. The final was tied at 1s, 2s, 3s, 4s, 5s and 6s in singles… and then it wasn't…

"B" Division - ***Dazed & Confused*** *(13-12)*
Using their second tiebreaker in as many matches, D&C claims the Mugs when Kent Butters hits a first-dart double-16. I guess this is just one more example of how it's hard to beat a good team three times in the same season.

"C" Division - ***Dodge Darts*** *(13-11)*
Just as somebody predicted, the Dodge Darts were the sole team to win the Mugs without finishing first or second in the regular season. And that was, of course, after they barely escaped Fritz's upset-mongers in the first round.

"D" Division - ***Smackdown*** *(?-?)*
I have no idea how this final went, but with Smackdown tossing 9-dart 301s and 160-Ins, I can only imagine that they were rolling. Smackdown was one of only three teams that pulled the double.

"E" Division - ***Pog Mo Hon*** *(?-?)*
Ah, sweet revenge for Pog Mo Hon. After Heroes In Trouble thrashed them in week 14 for the regular season title, they met again in the tournament final. Don't know how close it was, but the Pogs tossed a couple 180s on the way to these Mugs.

"F" Division - ***Sharky's Machine*** *(?-?)*
Evidently, captain Dave agrees with me in that it is just simply fun to say "The Machine". When he called in, he hardly said anything more than that (see page 4). The rubber match of the three with Madhouse went to Sharky's, and came with a Mug.

"G" Division - ***Modena Company*** *(?-?)*
Too young to drink. Never played in a dart league. Had to switch home establishments late in the season. So? None of that kept Pope's crew from pulling the G division double, and tying Industrial for longest current RDL win streak at 8.

REGULAR SEASON WINNERS

"A" Division - ***Industrial Strength*** *(11 wins, 1 loss)*
2nd place - Lunatic Fringe

"B" Division - ***Damage, Inc.*** *(9 wins, 3 losses)*
2nd place - Dazed & Confused

"C" Division - ***Cheap Shots*** *(13 wins, 1 loss)*
2nd place - A Comfortably Numb Experience

"D" Division - ***Smackdown*** *(9 wins, 3 losses)*
2nd place - Home Thrown

"E" Division - ***Heroes In Trouble*** *(9 wins, 3 losses)*
2nd place - Pog Mo Hon

"F" Division - ***Madhouse Patients III*** *(10 wins, 4 losses)*
2nd place - Sharky's Machine

"G" Division - ***Modena Company*** *(10 wins, 4 losses)*
2nd place - Hard Cheddar

(Rosters of all tournament-winning and regular season first place teams can be found on page 4.)

Joshua Pope (c)	Sherman Pope	Joshua Saunders
Dustin O'Farrell	Adam Huray	Peter Buzzard

Two seasons ago, almost all the #1 seeds won the tournament. Last season, almost none of them won. Now we've split the difference, with three #1s, three #2s and one #3 claiming the Mugs.

2 NEW ADDITIONS, BUT NOT TO THE DART FAMILY(?)…

Some time back I said that there was a new baby about which I didn't have the specifics. Well I still don't have the specifics, but the baby was Dodge Darter Tim McNamara's. Congratulations, Tim. Since then, I've also found out that the Dilligaffs' Keith Gibbs and his wife had their new baby. I would report the specifics of that one, but Keith has wisely withheld them, instead saying: "And don't go saying that we have an addition to the dart family. I hang around with you guys, and my child will not be hanging around you guys, because… I KNOW HOW YOU BE!" Congratulations, Keith.

QUOTES FROM THE TOURNAMENT

Quote of the tournament : from David Arensdorf, captain of F division's Sharky's Machine: " Hey Jason, welcome to the Machine. Take it easy. Later." [Man, I sure the hell hopes that means that the Machine won the Mugs. If not, we're going to have a pile of Mugs with the wrong names on them. - JK]

Quote #2 : from Julie Payne, captain of D division's Smackdown: "We managed to get the win … and Melissa Perrault went undefeated for the season, 2-0." [Hey, if you're only going to play two games all season, what better time to spend them than in the Mug-winning match? - JK]

Quote #3 : from Robb Beeson, also of Smackdown, who has been catching some crap from me on our Durham dart nights about playing every singles this season... until he sat out in week 14: "Just wanted to let you know that I played all the sets, and didn't wuss out tonight." [Kudos to you! Of course, the last time you sat out, your team took an unlikely match loss, so if you had sat out the finals, I might have to question your sanity. - JK]

{Side note about quotes #2 and #3: Julie and Robb called me at 3:56 and 3:58 a.m. Thursday morning. I suppose the VoiceMail could have screwed up somehow, but I'm pretty sure they were still just celebrating. That is excellent! We all need one of those celebrations, don't you think? - JK}

Quotes #4 and #5 : from Brian Selby, captain of A division's Industrial Strength: " We won, and let me tell me, you it was tied at 1s, and then 2s, then 3s, and 4s, and 5s, and 6s… and then Industrial put some Industrial stuff on the Fringe and we won the next eight points in doubles. We won on the second match in 501, only because the first match wasn't DONE… When is the last time that anybody beat the Lunatic Fringe six straight? Think about it, add it up, give me a call back, we're damn proud of it. What a great season." [Gee, do you think Brian was part of that first set of 501 that didn't get to finish and clinch the match? - JK]

He called back sometime later just to reiterate: " Did I mention when was the last time that Fringe lost six straight? That would be a damn good trivia question." [Well, the answer to that might be never, but I can't be certain since I only have five years of records. I am certain, however, that it would be at least back in the days of the Pigs (Go Pigs! Go Pigs!), but I'm not even sure about that because I was only a Pig for two seasons, and we didn't even win all five times that we played them that year. So, probably never. - JK]

Quote #6 : from Scott Butters, captain of B division's Dazed & Confused: " I would also like to comment on Lonny Holt, driving from Wilmington for the last half of the season. He was here for every match. It just shows you how committed he was to the team and the game. That's freakin' awesome. And so was our win. Freakin' awesome."

START PLANNING NOW…

You know, it's never too early to start planning for the Fall season. Sometimes it's hard to track down teammates after the summer break, so start setting your roster plans now and avoid the headache later.

VOLUNTEERS? ANYONE?

Every season I write this bit. I'm not begging anymore. Here is what the RDL Board can use help with almost every season:

Transport/setup of stanchions at the banquet (they pay this person!)
Breakdown of the stanchions at the banquet
People to serve on the Rules Committee … and a bunch of
People to help plan and organize the banquet other little crap…

Ever really helped out before? No? Then it's probably your turn to get off your butt for a change… Find a Board member and volunteer now. They'll appreciate it, and your leaguemates will appreciate it.

THIS SEASON'S TIEBREAKERS

Yeah, baby! The tiebreaker rose its ugly head and made a right glorious comeback this season. After a couple seasons with decreasing totals, we jumped back to 30 regular season and at least 4 tournament 1001 battles. There were 3 in A division, 8 in B (2 in the tourney), 4 in C, 4 in D, 6 in E (1 in the tourney), 3 in F (1 in the tourney), and 6 in G. The RDL had almost twice as many teams this season as last that had more than two tiebreakers, 4(!) of them in a 7-team B division: Black & Tans, Last Call, Damage, Inc. and Dazed & Confused in B, Dart Dawgz in D, Heroes In Trouble and I.N.C. in E, and Dead Sox and the perennially shorthanded Get Over It in G. The high blood pressure kings were I.N.C., with a 3-2 tiebreaker record, with the last loss coming in the tournament semifinals. While the Dead Sox had the best percentage (3-0), it had to be Dazed & Confused that made the best use of the extra leg. After going 0-2 in 1001s in the regular season, D&C used tiebreakers to claim both their semifinal and final victory in the tournament.

SPRING 2001 PENALTY SUMMARY

Well… you guys did better than last season in the penalty department, but of course, last season there were an incredible 70 penalties worth 540 points. So, there was really no place to go but up after that debacle of a season. Our total number of penalties dropped from 70 to 47, the point loss dropped from 540 to 271, the number of teams with three or more penalties dropped from 9 to 6, and the number of teams with at least one penalty dropped from 32 to 22 of the 52 teams. There were 2 Preseason Captains' Meeting Penalties (5 pts. each), 10 Fifth Week Captains' Meeting Penalties (5 pts. each), 6 Special Election Ballot Penalties (5 pts. each), 1 Ineligible Player Penalty (4 pts.), 11 Phone-In Penalties (5 pts. each), and 17 Mail-In Penalties (16 pts. each), for a total of 371 points in penalty losses. The four most amazing and/or painful stories happened to three teams. Just one season after Dart Attack set the record for number of penalties, and also became the first team to lose more points than they had at the finish, both feats were matched. The C Division Mug winners, Dodge Darts, tied the record for number of penalties this season, with 1 meeting penalty, 1 ballot penalty, 3 phone-in penalties and 2 mail-in penalties. That point loss couldn't rival Fulton Crowley's Point Break (maybe we should call them Point Poor after the way they toss them away) though. 5 mail-ins and 1 phone-in lost Point Break 85 points, more than the 75 they had at the end.; the most painful part being that those 85 would have won them a set of plaques. Since that was a total from 6 penalties, it probably wasn't as painful as the Dart Dawgz losing 2nd place, because their loss resulted from only 1 penalty.

DON'T FORGET - RDL PAYMENT INFORMATION

IT'S NOT NEWS ANYMORE. WE DON'T TAKE CASH FOR REGISTRATION, NEWSLETTER, ETC. DON'T SHOW UP WITH CASH AT NEXT SEASON'S REGISTRATION, OR YOU ARE OUT OF LUCK.

AND REMEMBER: DON'T BOUNCE A CHECK TO RDL - THAT WILL COST YOU AN EXTRA $20 FEE!

SUMMER DARTS IN RALEIGH!

Let's face it. Your dart game needs more practice even when you're playing every week in RDL. You don't want to face the horror that will be your dart stroke if you take the entire summer off from the game. So, what are you going to do? You're going to play in a summer dart league! But alas, you have missed the start of both the Bull City Dart League and Tobacco Road Dart League, you say. Well, Slappy, I've got something simpler and probably a bit closer to home…

Capital Area Dart Club

- Weekly Singles and Doubles Leagues are back!
- Doubles Leagues will play at 8 p.m., Tuesdays
- Singles Leagues will play at 8 p.m., Thursdays
[Singles are likely to be separated by gender]
- Format is 2-of-3 cricket and 501 sets, ADO Rules apply
- Dues are $20 per player
- Season will run approximately 14 weeks, but the final length will depend on the number of players signed up in each division

Now, the CADC officers are kind of bending their own deadlines a bit to let you guys in, as match play has been scheduled to start in the next week. So, you should find Michelle Gaffney IMMEDIATELY if you think you would like to play. She can give you complete information as to what is required from you and when.

So, all those excuses you had about why you weren't going to play this summer are pretty much out the window, aren't they?

"I don't want to drive to RTP or Durham" - Ok, so join this league based right here in Raleigh.

"My teammates don't want to play in the summer" - Uh, so what? Screw them. You don't need them to play in a singles league, and you only need one or two for doubles.

"I've already missed registration" - They're letting you in now. Jump at the chance now or it's your own fault that you're going to suck when Fall RDL play starts.

For more information, see flier on page 29.

(This is not purely my own guesses at who is simply the best thrower, but also who is important to their team, who is good in the clutch, etc.)

QUICK STAT TIDBITS

-The **Quadruple Double Award** winners (double-digit wins in all four sections): with the RDL having several 7-team divisions, we've been running low on quad double winners. We got exactly ZERO this season. There were twelve individuals who did pretty well, but none reached the quad double plateau. The top winners can be divided into four categories. *Tom Winters* of Bull Daggers achieved 11 wins in three sets and 9 wins in the other. Four players achieved 10 wins in three sets and 9 in the other: *Bob James* of Dartitude, *Ron Penny* of Madhouse Patients III, *Charlie Lawley* of Get Over It (who had the benefit of being on a four-player team), and *Joshua Pope* of Modena Company. Maybe the most impressive record was the three 10-win sets in a 12-week season by *Brian Selby* of Industrial Strength. *Pat Crowley* of A.C. N.E. and *Jeff Danvlich* did the same in a 14-week season. Finally, *Joel Eason* , *Tim McNamara* , *Robb Beeson* and *Mike Knox* each had three 9-win sets in 12-week seasons. Eight more people did that, but they had 14-week seasons.

-**IronMan/Woman Award**: HOLY CRAP! WOW! This absolutely HAS to be the all-time RDL record. Jeff Young of Get Over It in G played 72 games… and he finished *fourth* in the division… and *fourth* on his team. Charlie Lawley played 75, Lisa Lawley played 87, and **Dave Wilser** played an astonishing 92 games! 24 301s, 22 SCkts, 23 DCkts, 20 501s, and 3 1001s. Woah. Those guys need some more teammates… Honorable mentions go to: Bob Terry, Steve Hoffmann and Jason Kilts (hey, who's that guy?) in A with 51; Chris Mori in B with 57; Gerry Mondou in C with 62; Laurie Rhea in D with 53; Mike Knox in E with 53; and Brian Ford in F with 73. Ford's BB & the Pimps squad may have set some records themselves if Get Over It hadn't been around. They played much of the season with only four players, too.

-The **Team Attendance Award** winners: once again, there weren't any teams that had all of the players play the exact same numbers of games (like the old Last Call squads), but there were half a dozen that were pretty tight. The most obvious are the aforementioned Get Over It in G and BB & the Pimps in F, as those two basically subsisted on four players for the entire season. Who had the most games was determined by their opponents instead of themselves. Also pretty close were Industrial Strength in A (only 6 players for 11 of the 12 regular season matches), Damage, Inc. in B (only one of their standard six missed even one set), Grateful Darts in D (six players with 38 or 39 games, and one with 32), and Murphy's Law in G (five of six players with 57-62 games).

MY IN-SEASON, PRESEASON & TOURNEY PREDICTION RESULTS

It's that time every season when we see how much of an idiot I proved to be in my prediction columns this season. Throughout the season I picked every last match and finished with a respectable record of 210-102. Not quite 70%, but pretty close. Considering the significant number of matches that were decided more by who wasn't there than by who was, I'll take that record.

As for my tournament predictions, all I can say is that if everything was two out of three, I would start running book! I went 37-8 overall. That's 22-2 in the first round, 11-3 in the semis, and 4-3 in the finals. And that's with having to pick every round before the whole thing even starts. Even in the 3 finals that I got wrong, my pick was still in the final. I picked two brackets fully correct from beginning to end (A and C), and only missed 1 each in B and D.

My preseason predictions didn't fare quite as well as my tournament picks. It's always tough to try to see everything that far into the future, but it was especially difficult this season for some reason. My A pick finished 3rd, my C pick finished 6th, my D pick finished 3rd, my E pick finished 2nd, and my G pick finished 5th (but G is *always* just a guess anyway). I did manage to pull out Damage, Inc. and Madhouse Patients III as the winners of B and F, respectively. I said that D&C would be close in B, I said that UZMALL would be tough in D (they looked good at 5-0, eh?), and I had Hard Cheddar in the thick of the G race. Plus, two teams I tagged as dark horses (Heroes and The Machine) both fared pretty well all season and in the tourneys.

RANDOM RDL THOUGHTS AND ITEMS

--Does it strike anybody else as stupid that the worst-rated bar in the RDL (see column on the right) still averaged a score above the 'average' score defined on the scoresheet? A total of 18 is supposed to be average, but the real average is somewhere over 23. Maybe we should be a bit more critical of our surroundings? Glowing reports if the establishment doesn't really deserve them doesn't help anybody realize what needs to be fixed.

--Something that struck me as funny: a team reported a name misspelling after the league semifinals. Sixteen weeks the name was misspelled (and pretty clearly incorrect) and nobody even noticed. Well, there's one team that I'm pretty sure doesn't spend an inordinately high amount of time with the Tons.

--Want to hear something pretty damn impressive? Well, too bad, because I'm telling you anyway. In my tournament semifinal match, I played Bob Gargan in 301. And he threw 8(!) consecutive perfect darts against me! He finished the first game with t17-d16 for an 83-out. Then he hit a dBull diddle (I matched but mine fell out, and I'm not in the habit of hitting back-to-back dBulls…). Then he started with d16-t19-t20, followed by two more t20s. He hit a s16 instead of the double, so he didn't hit the 'perfect' six-dart game, but it was damn impressive. EIGHT in a row. If he had hit the ninth, I would have had a game in which I threw ONE turn…

--I have come to the conclusion that many of you have bad misconceptions about A division players. A captain left a message bitching and complaining about their tournament match location, and saying that 'A players would never stand for it, that they would whine until it was fixed'. The kicker is that it was an A division bar! To tell the truth, I hear MANY more complaints/arguments/fights in the lower divisions than in A…

NOTE ON PERPETUAL PLAQUES

Our award maker, Matt Everett, was not informed of the change in the RDL's plans for the perpetual plaques until after they had already been made. Therefore, fast games and high ins/outs will be included on the perpetual plaques starting next season. Sorry, but with the mass Board resignations, it just fell through the cracks this time around.

SPRING 2001 BAR RATING RESULTS

Included here are the cumulative averages of each RDL host establishment's ratings from their visiting captains. William Holland used to compile these numbers, but since he resigned this season, I told him that I would compile them this time. I've taken the individual ratings and averaged them. I was going to remove the ratings from matches involving two teams from the same host establishment, but William didn't and I didn't want to change the system unless the Board said to do so. It's important to recognize our establishments that have provided the most excellent accommodations to our members, and to give those that might need some improvements some feedback. In any case, here are the average totals for each of our establishments for the past season. The top three of the season receive awards in recognition of their facilities & service.

SPRING 2001 SEASON

The establishments were rated in six categories, with possible scores of 1 to 5 in each category. The lowest total possible then is **6**, while the highest total possible is **30**.

ONE SCORESHEET IS MISSING…

Last season I said that one sheet was missing, and "oh well… we'll get 'em all next season". Evidently I lied. We lost a week 13 sheet from A division, and neither team has a copy, and it wasn't found at the bar. No big deal, it didn't affect any awards.

For those who might be curious about such things, here are the current NC State League standings.
